FAHRENHEIT TEMPERATURE LOG

Instructions: Place an "x" in the box that corresponds with the temperature (columns), day of the month, and a.m. or p.m. (rows) for your temperature check. Then enter your initials and the time you monitored the temperature in the appropriate boxes. Document temperatures twice daily and keep temp logs on file for at least three years!

MONTH/YEAR: _____ **PIN #** _____

Refrigerator 35 - 46°F																						**Freezer 5F° to -58° F**

TOO WARM

TOO COLD

Fax temperature logs by the fifth business day of the following month to:

(717) 441-3777 (Fax) or email
pavfctemplog1@pa.gov

Revised 2012

If temperature is out of range:

If vaccine temperatures are out of recommended ranges during temperature logging, take immediate action to correct the problem and document the action taken on the temperature log or attach an explanation of action taken. When VFC staff receives your completed temperature log for the month the documentation will inform staff that your facility is aware of the out of range temperature and are addressing any issues.

If no action is indicated on the temperature log an incident report will be required. A copy of an "Incident Report" is in the PA VFC Provider Handbook, Section 6
