Leadership ▪ Accountability ▪ Culture ▪ Knowledge

Is your department on the path to a LODD? This compelling presentation by the National Fallen Firefighter Foundations examines the root causes of LODDs and the role of Leadership, Accountability, Culture, and Knowledge as it influences the end result. Many fire departments across the United States "LACK the Right Stuff" to prevent them from being on a path to a line of duty death, with Leadership, Accountability, Culture, and Knowledge being the elements that need to be addressed and managed in those environments. Through education and training, those departments can improve their survivability by understanding the root causes of firefighter fatalities and tackling these four elements with special emphasis on understanding fire service culture.
