Maryland: No significant events at this time.
New Jersey: No significant events at this time.
New York: No significant events at this time.
Ohio: No significant events at this time.
West Virginia: No significant events at this time.

WEATHER:

24-hour Projected Weather Statewide:

National Weather Service, 6:31 a.m., 9/1/12

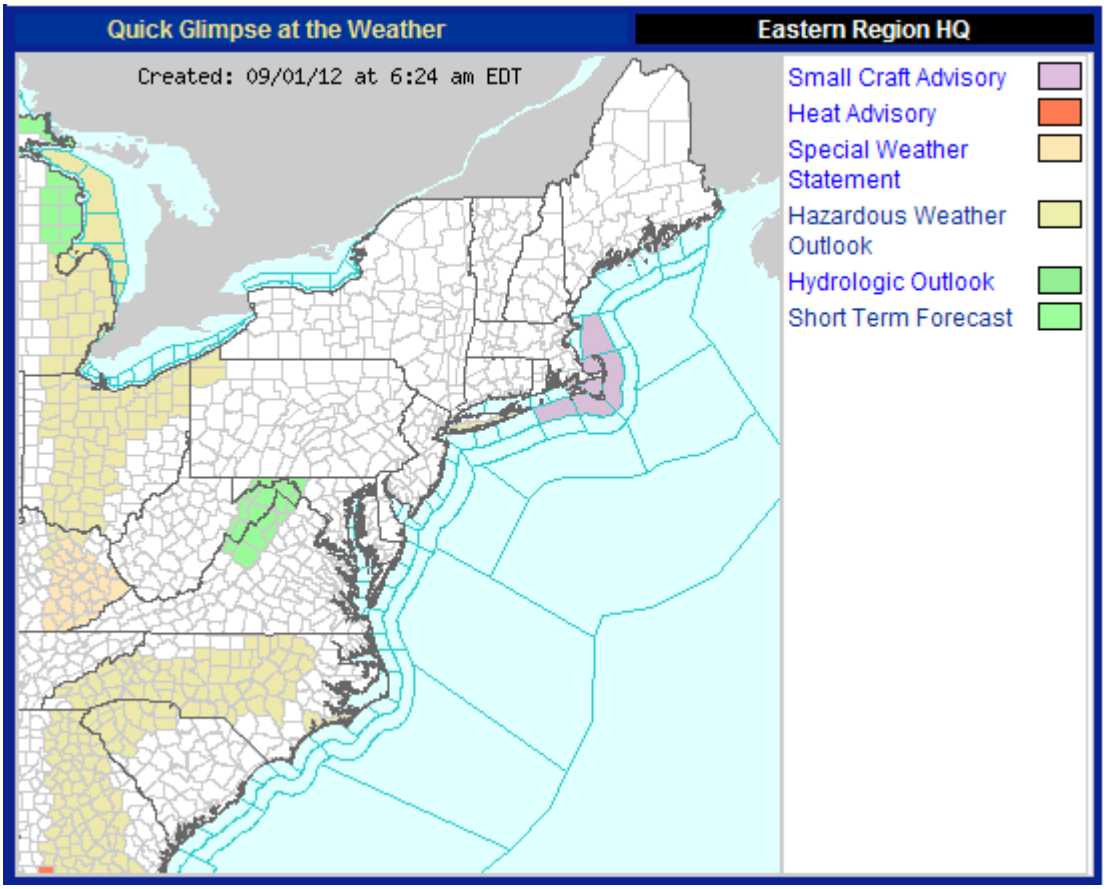
A weakening cold front will sag south across Pennsylvania this morning then stall out near the Mason Dixon Line late today and Sunday. Mostly cloudy skies and a few showers or thunderstorms will accompany the front today across southwest Pennsylvania. Elsewhere, expect partly sunny and warm conditions. Highs today will be in the 80s.

Cloudy skies and showers will overspread most of the Commonwealth on Sunday as the frontal boundary shifts north. Lows tonight will range from the low 50s over the northern mountains to the 60s in the south. Highs Sunday will be in the 70s to near 80.

More numerous showers and thunderstorms are expected by late Monday as the remnants of Hurricane Isaac finally reach the area.

WATCHES AND WARNINGS:

There are no active watches or warnings.



NOAA / SPACE WEATHER PREDICTION CENTER:

3-day Solar-Geo-Physical Forecast, 10:00 p.m., 8/31/12:

Solar Activity Forecast: Solar activity is expected to be low with a chance for moderate activity throughout the forecast period (01-03 September).

Geophysical Activity Forecast: The geomagnetic field is expected to remain quiet for the next three days (01-03 September).
