Digital Stalking and other Technology Threats

Presented by James Dill

Sponsored by Women In Need

As a 30-year veteran of the PA Office of the Attorney General, Jim worked as an agent, supervisor, and director of the unit responsible for audio, video, electronic surveillance and digital tracking. Jim retired as the Deputy Chief, a position that put him in charge of all Investigative Services. He has been qualified to testify as an expert at the Common Pleas and Appellate Courts for investigative technology. Now he works as a law enforcement instructor and consultant for Alutiiq International and operates his own company - Innovative Technologies and Investigative Solutions, LLC.

October 10, 2013

9:00 am—4:00 pm
Four Points Sheraton
1123 LWE, Chambersburg PA

The focus of this training will be on the use of social media networks, embedded GPS data , and other technologies used for stalking . Included topics will also touch on how to use this information in investigative work and how to keep ourselves and victims safe.

There is no fee for this training but space is limited and pre-registration is required. Register now!
