Notes: 2012 Benchmark

- Net Change totals may not sum due to rounding
- Net Change as percent of civilian labor force, employment, unemployment, or rate computed using unrounded data.

Source - Labor & Industry Press Office based on Local Area Unemployment Statistics

When referencing this data it is important to note that “Employment” is NOT interchangeable with “Jobs.” Based on this data, it would be accurate to say: the number of people working is up _____ from October 2012.

Notes: 2012 Benchmark

- Net Change totals may not sum due to rounding
- Net Change as percent of civilian labor force, employment, unemployment, or rate computed using unrounded data.

Source - Labor & Industry Press Office based on Local Area Unemployment Statistics

When referencing this data it is important to note that “Employment” is **NOT** interchangeable with “Jobs.” Based on this data, it would be accurate to say: the number of people working is up _____ from June 2009.
