Notes:

Industries of Interest (IOIs) are determined by four consecutive quarters of employment growth totaling at least ten percent (Hi-Growth); or year over year growth of at least ten percent (Growth); and have an employment gain of at least 25. It is possible that a noneconomic coding change could falsely identify an industry as an IOI. IOIs by online job postings are limited to the top 100 industries showing year over year growth.

Purpose is to highlight growing industries. Available at different industry levels. Ensures limited resources are directed towards the maintenance and advancement of growth sectors in the state.

Confidential industry lines have been removed.

Find employers by inputting growth industry codes into CWIA's Employer Search feature on our website or by using Job Spidering.

Notes: Industries of Interest (IOIs) are determined by four consecutive quarters of employment growth totaling at least ten percent (Hi-Growth); or year over year growth of at least ten percent (Growth) and have an employment gain of at least 25. It is possible that a noneconomic coding change could falsely identify an industry as an IOI.

[1/]North American Industry Classification System

Industries in **bold** are new to the list this quarter.
