FAHRENHEIT TEMPERATURE LOG

Instructions: Place an "x" in the box that corresponds with the temperature (columns), day of the month, and a.m. or p.m. (rows) for your temperature check. Then enter your initials and the time you monitored the temperature in the appropriate boxes. Document temperatures twice daily and keep temp logs on file for at least three years.

MONTH/YEAR: _____ **PIN #** _____

Refrigerator 35 - 46°F																						**Freezer 5F° to -58° F**

TOO WARM

TOO COLD

TOO WARM

<u>If temperature is out of range</u>:

If vaccine temperatures are out of recommended ranges during temperature logging, take immediate action to correct the problem and document the exact temperature on the temperature log or attach an explanation of action taken.

If no action is indicated on the temperature log an incident report will be required. A copy of an Incident Report and Worksheet is in the PA VFC Provider Handbook, Section 6.

Revised 2013
