Supplement to the 2009 Actuarial Report –
To Reflect Act 2010-46

COMMONWEALTH OF PENNSYLVANIA

STATE EMPLOYEES' RETIREMENT SYSTEM

SUPPLEMENT TO THE 2009 ACTUARIAL REPORT -

TO REFLECT ACT 2010-46

**HAY GROUP
JULY 2010**

**State Employees' Retirement System
Supplement to the 2009 Actuarial Report**

Introduction

On July 6, 2010, Governor Rendell signed into law Act 2010-46 (previously Senate Bill No. 1042, as amended, P.N. 2141), which established (in Section 1702-N of the Fiscal Code) that the FY10-11 composite rate (expressed as a percentage of payroll) for employer funding of the Pennsylvania State Employees' Retirement System (SERS) shall be 1% greater than the composite rate of 4.00% that applied for FY09-10. This occurred just one month after Hay Group's issuance of the Commonwealth of Pennsylvania State Employees' Retirement System (SERS) 2009 Actuarial Report, covering the results of the December 31, 2009 actuarial valuation. Therefore, both the valuation and the report were based upon the State Employees' Retirement Code (SERC), under which the FY10-11 composite employer contribution rate was the actuarially determined rate of 5.64 percent of payroll.

Under Act 2010-46, the new composite employer contribution rate of 5.00 percent of payroll became effective beginning July 1, 2010, superseding the 5.64 percent of payroll employer contribution rate previously determined in the December 31, 2009 actuarial valuation and communicated in the 2009 Actuarial Report. This change necessitated a redetermination of the employer contribution rates by group for the fiscal year beginning July 1, 2010, which had been previously provided on Page 2 of the 2009 Actuarial Report. Hay Group recalculated these rates and communicated the new rates to SERS in a letter to Executive Director Leonard Knepp issued on July 7, 2010. A copy of the cover letter to this communication is included as Page iii of this report.

The new law also required changes to several other schedules included in the 2009 Actuarial Report. With the concurrence of SERS, Hay Group has prepared this supplemental report to communicate all such changes to users/readers of the 2009 Actuarial Report. Thus, we have issued this Supplement to the 2009 Actuarial Report to provide replacement schedules for those included in the original report that were affected by Act 2010-46. Pages 1-7 of this Supplement supersede pages 1, 2, 12, 13, 14, 26 and 27, respectively, of the 2009 Actuarial Report. All other pages and schedules of the 2009 Actuarial Report remain valid supporting documentation for the December 31, 2009 actuarial valuation.

As previously communicated to SERS, Hay Group has some concerns, from an actuarial perspective, regarding the new mandated 5.00 percent employer contribution rate:

- a. This rate is less than the 5.64 percent actuarially determined funding requirement for FY10-11, as previously approved by the SERS Board.
- b. Therefore, use of the 5.00 percent rate will result in underfunding (albeit small) of SERS, which is not consistent with commonly accepted actuarial funding practices currently applicable to defined benefit pension plans in the U.S.

- c. We recognize that the primary reason for this reduction in the employer funding rate is to make the required contribution level more feasible from a financial and budgetary standpoint for the employers participating in the ongoing funding of SERS.
- d. Hay Group would have preferred that the employer funding of SERS remain at the actuarially determined level for FY10-11; however, we understand, given the current fiscal challenges facing the Commonwealth and its employing agencies, that mandating a lower SERS funding requirement (than otherwise prescribed by the SERC) is a necessary part of the near-term response to those challenges.
- e. Given our longstanding experience as actuary for SERS, and despite the fact that, pursuant to Act 2010-46, SERS will be temporarily funded below the actuarially required level, Hay Group believes that SERS has been, and continues to be, funded responsibly and that SERS remains in sound financial condition.

Mr. Leonard M. Knepp
Executive Director
Pennsylvania State Employees' Retirement System
30 North Third Street, Suite 150
Harrisburg, PA 17101-1716

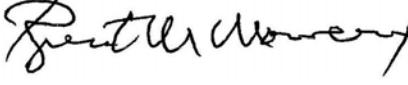

Dear Len:

We understand that yesterday Governor Rendell signed into law Senate Bill 1042, as amended, P.N. 2141, which established (in Section 1702-N) that the FY10-11 composite rate (expressed as a percentage of payroll) for employer funding of the Pennsylvania State Employees' Retirement System (SERS) shall be 1% greater than the composite rate of 4.00% that applied for FY09-10. As a result, a composite employer contribution rate of 5.00 percent of payroll will be effective for the fiscal year that began on July 1, 2010, superseding the 5.64 percent of payroll employer contribution rate previously determined in Hay Group's December 31, 2009 actuarial valuation.

Based upon the new law, we have now redetermined the employer contribution rates by group/class for the fiscal year that began on July 1, 2010. These new rates are included in the enclosed table, and they supersede the rates previously provided on Page 2 of our 2009 Actuarial Report.

We certify that the enclosed rates are accurate and appropriate for purposes of determining contributions to be made by the Commonwealth of Pennsylvania and other participating agencies to the Pennsylvania State Employees' Retirement System for the fiscal year that began on July 1, 2010.

Respectfully submitted,
Hay Group, Inc.

Class AA - Age 50 Retirement (Including Enforcement Officers)	4.10%	2.25%	1.0000		6.35%	936,839,000	59,489,277
Class A - Age 50 Retirement (Including Class A & Class C Enforcement Officers)	4.10%	2.25%	0.8000		5.08%	15,141,000	769,163
Class AA - Park Rangers & Capitol Police	4.10%	1.24%	1.0000	0.62%	5.96%	14,427,000	859,849
Class A - Park Rangers & Capitol Police	4.10%	1.24%	0.8000	0.62%	4.89%	117,000	5,721
State Police (Class A & Class C)	4.10%	2.25%	1.1395	4.78%	12.02%	381,173,000	45,816,995
Class D3	4.10%	2.25%	3.0000		19.05%	315,000	60,008
Class D4	4.10%	2.25%	1.2000		7.62%	19,302,000	1,470,812
Class E	4.10%		1.2677		5.20%	125,441,000	6,522,932
					Total***	\$ 5,935,988,000	\$ 296,875,299

* The multiplier adjustment is the adjustment for the employer group contribution rate. Because the majority of SERS members are covered under Class AA(60), the 2.5 percent accrual rate for that Class is used to determine the base contribution rate. Column (4) is the ratio of the class contribution rate to 2.5 percent.

** The adjusted contribution rate is [(2) + (3)] times (4) + (5).

*** The total employer contribution (\$296,875,299) is approximately equal to the average employer contribution rate from Schedule B (5.00 percent) times the total projected covered compensation of \$5,935,988,000. The base contribution rate of 4.10 percent was determined as the percentage needed to produce employer contribution amounts by employer group that sum to \$296,875,299.
