### *NASASP News*

We would like to thank all of our contributing donees for their continued support. Pennsylvania experienced another good membership campaign in 2011.

Without NASASP's efforts here and abroad most of the federal property would never make it back into the U.S. for reutilization. Their continued presence at congressional hearings and on the doorsteps in Washington D.C., have given donees all over the country the ability to receive surplus property. Please keep this in mind for future membership drives.

For more information on NASASP please visit their website at: <http://www.nasasp.org/>

## 1122 PROGRAM

### SUPPLIES AND SURPLUS OPERATIONS

*EXPANDED program Coming soon.....*

Look forward to having more products available for purchase in the very near future.

Section 1122 of the fiscal year 1994 National Defense Authorization Act established the authority for states and units of local government to purchase law enforcement equipment through federal procurement channels, provided that the equipment is utilized in the performance of counter-drug activities. *The Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 amended 10 U.S.C. 381, to expand the procurement authority under the 1122 Program beyond counter-drug activities, to include equipment for homeland security and emergency response activities.*

All states and territories of the United States that will be participating in this program need to have their State Point of Contact (SPOC) and any coordinators certified prior to utilizing the program.

This is great news for our Law Enforcement agencies and Emergency Responders. We will continue to keep you posted when the expanded program will be rolled out here in Pennsylvania. If you would like to learn more about the 1122 program, please visit GSA's 1122 page at: <http://www.gsa.gov/portal/content/202569> or contact Mike Starr at 717-787-9724 or Alfred Dean at: 717-787-6197

As always, if you are interested in purchasing new property, check with Mr. Al Dean at 717-787-6197, or via email at [aldean@state.pa.us](mailto:aldean@state.pa.us) and we will be happy to get all of the details for you. Of course, we will also get the item at the lowest possible price for your local community and its agencies.
