

ATTENTION COMMONWEALTH RETIREES

As a result of the recent flooding and damage caused by Hurricane Irene and Tropical Storm Lee, a number of commonwealth agencies are seeking temporary staffing for Disaster Recovery Centers in the following counties:

Bradford	Lycoming	*Lebanon	*Philadelphia	*Chester
Columbia	Dauphin	*Northumberland	*Northampton	
Luzerne	Sullivan	*Schuylkill	*Montgomery	
Wyoming	*Lancaster	*Bucks	*Susquehanna	

***Denotes pending Disaster Recovery Center locations yet to be opened. Additional affected areas may be added.**

The Disaster Recovery Centers are created to assist disaster victims by providing information and assistance relative to housing assistance, federal aid, home repair grants, small business loans, victim crisis and counseling services, emergency food programs and other necessary services. Experience in providing assistance and service related to any of these areas is particularly helpful.

Commonwealth retirees may only work as an annuitant for a maximum of 95 work days in any calendar year. If you have worked for another agency as an annuitant this year, please keep the 95 day limitation in mind when considering this opportunity. Interested commonwealth retirees may reach out to any of the agencies listed below for opportunities available. Please indicate when contacting one or more of the agencies below which of the county or counties you are available for work. Please also note any particular experience you have that will prove beneficial in assisting in one of the Disaster Recovery Centers. Thank you for your consideration in assisting with this important initiative.
