Address Change Personal Information Review

§ 431.11 Registration: A person shall register with the Board for certification by submitting information such as mailing address and telephone number, Social Security Number, date of birth and office held or sought. A constable shall set forth the beginning date and expiration date of the term of office held, and provide documentary evidence of election or appointment. A registrant shall inform the Board of a change to registration information **within 15 days of the change.**

Documents may be forwarded via mail **or** FAX to: Bureau of Training Services, Pennsylvania Commission on Crime and Delinquency, PO Box 1167, Harrisburg PA 17108-1167; FAX (717) 783-7140.

Enrollment Instructions for Training Classes

Classes are on a first-come, first-served basis. In order to ensure uninterrupted certification, constables should enroll in class as soon as possible.

Constables are encouraged to enroll for their 2012 training on-line, through the PCCD website. On line enrollment is secure and fast, and is confirmed immediately. Enrollment can also be accomplished by mailing or faxing a completed standard registration form *directly to the training delivery contractor*. **Do not mail or fax to PCCD.**

Registration questions should be referred to the appropriate regional training delivery contractor. **Constables cannot register for classes by calling or mailing PCCD.**

Note: There is a minimum number of students per class. A class may be **cancelled** if this minimum standard is not met. **Notification of cancellation will be made by the regional training delivery contractor via registration information filed by constables.**

Important Policy Changes

On May 26, 2011 the Constables Education and Training Board approved the following regulation changes which were then approved by the Pennsylvania Commission on Crime and Delinquency on June 14, 2011. The following regulation changes have been made into Board Policy until the completion of the Regulation process through the Independent Regulatory Review Commission.

FIREARMS QUALIFICATION

§ 431.42. Eligibility for firearms qualification.

A constable holding certification who is 21 years of age or older and who is not precluded under State or Federal law from possessing or using a firearm may enroll in a firearms qualification course.

The above section is existing Board Policy.

§ 431.43. Firearm and ammunition.

- (b) The firearm provided shall be of a design generally acceptable for law enforcement usage, and shall be in a condition for safe operation as designed and intended by the firearm manufacturer. The firearm provided shall be one of the following calibers:
- (1) .380.
 - (2) .38 special.
 - (3) .357.
 - (4) .40.
 - (5) .45.
 - (6) 9MM.

The Board and PCCD voted to eliminate the 10mm caliber firearm as an acceptable firearm to be used during the firearms qualification course.

This Board Policy will become effective on January 1, 2012.

§431.47. Attendance policies.

- (c) New Weapons: A constable who successfully completes a firearms qualification course may not attend another firearms qualification course in the same training year with the following exception: If a constable obtains a new weapon after having successfully completed his or her annual firearms qualification, the constable may attend, without penalty, another firearms training class and complete the qualification course-of-fire using the new weapon. Attendance at another firearms course is subject to course availability.
- (d) Advanced Firearms Failures: If a constable attends an advanced firearms qualification course and fails to successfully complete the qualification course-of-fire, the constable may attend, without penalty, a basic or annual firearms qualification course in its entirety.
- (e) Weapons Malfunctions: If a constable fails to successfully complete the qualification course-of-fire during any firearms qualification course because of a weapon malfunction, the constable may attend, without penalty, another firearms qualification course in its entirety, or may retake, without penalty, the portion of the firearms qualification course during and after which the malfunction occurred. Attendance at another firearms course is subject to course availability. Firearms instructors will document weapons malfunctions.

The above subparagraphs will become effective as Board Policy on January 1, 2012.

Additional Board Policy that will be implemented:

Other Person

“Other Person” language as been removed from the Board Regulations. “Other Person” is identified by the Program as a Non-constable, which would be a person who does not have a current valid term of office as a constable or deputy constable. Only a person with an election or appointment certificate on file with the Program will be assigned a Temporary Access Number. This person can still register with the Program but they will not be eligible to enroll into the basic training courses until they have a valid term of office on file with the Program. This Board Policy will become effective on January 1, 2012, however, effective immediately Program Staff will not issue a Temporary Access Number without the election or appointment certificate on file.

Additional Board Policy that was implemented in June 2008 (see Training Bulletin #60-August 2008):

Law Enforcement Firearms Waiver Elimination

All Waivers of Firearms Training for Law Enforcement Officers have been eliminated. All constables who want to be certified to carry a firearm in the course of their constable duties, including those who are also law enforcement officers, must attend the Act 49 firearms training course in its entirety and pass the Act 49 firearms qualification course.

Constables' Education and Training Board 2012 Constables' Training Schedule

Please Note: The 2012 Constables' Training Schedule is arranged by geographic regions in Pennsylvania. Constables have the option of attending training at any location in the Commonwealth, regardless of the area in which they reside.

2012 Constables' Training 80-hour BASIC TRAINING

All newly elected constables or appointed deputy constables are required, under Act 49-2009 §7142(a) to attend and successfully complete basic training in order to perform judicial duties and be paid. Constables or appointed deputy constables must be registered with PCCD. If an individual is receiving Constable Training Bulletins, then he or she is registered with PCCD. To register, please call the Constables' Training Program at (717) 265-8552, or (717) 265-8554. When leaving a message, include full name, area code, and telephone number.

Refer to Title 37 Law, Chapter 431, for regulations relating to the certification of constables and deputy constables.

In order to successfully complete basic training, an individual must attend and participate in all training as scheduled, achieve a passing score of at least 70% on each written examination administered during the course, and successfully demonstrate practical skills during each proficiency examination. There are twelve subjects covered in basic training. Constables and deputy constables are tested on each of the twelve subjects. An individual who receives less than 70% on any written exam will have only one opportunity to re-test in that subject. If an individual fails the re-test, that individual has failed the basic training course and will not be certified by the Board. A constable or deputy constable who fails the basic training course will be afforded an opportunity to re-attend the course **in its entirety and if space is available**, on an annual basis.

2012 Constables' Training 20-hour CONTINUING EDUCATION

Constables and deputy constables must successfully complete the 20-hour Continuing Education course in order to renew their certifications for 2013. Based upon successful completion of continuing education by October 2012, constables and deputy constables will be issued certification cards in December 2012, which will indicate certification for 2013. **No subjects will be waived for municipal police officers or deputy sheriffs in 2012.**

Defensive Tactics (8 hours) – This is an eight-hour block of instruction that reviews and provides practice in basic constable defensive tactic techniques including: patterns of movement and footwork, handgun retention techniques, armbar takedowns and outside wrist turn takedowns, handcuffing tactics, techniques and procedures, strikes kicks and blocks, methods of transitioning between force options, and emergency knife defense. This course includes force-on-force role-playing scenarios and a written examination.

Cultural Diversity (4 hours) – Constables, like all law enforcement officers, deal with people in a variety of situations. Criminals, victims, and those having domestic, mental or emotional problems pose a wide range of challenges, and when the constable shows up, the intensity level usually rises. However, this situation becomes even more complex when one is dealing with persons from a culture other than our own. Unfamiliarity with the cultural practices of any group—from not knowing their language to misunderstanding their nonverbal communications—can result in unnecessary conflict or hostility. Increasing your cultural awareness will improve your ability to interact successfully with persons from a variety of cultures. This course includes a written examination.

Ethics (4 hours) – This four-hour course is designed to provide constables with an overview of ethics as it relates to the duties of a constable, as well as effectively address ethical situations that may occur in the field. An overview of the Pennsylvania State Ethics Commission’s reporting requirements for constables is included, as well as support services offered by the commission. Finally, the State Ethics Commission Statement of Financial Interests, Form SEC-1 REV. 01/11, is reviewed. This course includes a written examination.

Use of Force (4 hours) – This four-hour block of instruction reviews the significance of relevant federal case law regarding the use of force. In addition, an overview of Pennsylvania Title 18 (Crimes and Offenses) Chapter 5 which addresses the use of force is presented. The course concludes with a summary on how a critical incident such as using force can affect your ability to remember the incident and provides seven mental toughness skills to help overcome the effects of stress on your memory. This course includes a written examination.

2012 Constables’ Training 8-hour OPTIONAL TRAINING

Utilizing Force Options Under Stress (4 hours) - In this 4-hour block of instruction the constable will take part in scenarios designed to stress the constable and perform dynamically utilizing force options available. Scenarios will be video recorded for each constable to review his/her performance. The constable will also have to prepare use of force reports, and brief his attorney (instructor) on his/her actions where deadly or near deadly force options are utilized. For example, after stress is induced on the constable he/she will be told that he/she is serving a civil process on a subject. The constable is alone. During the service the subject becomes irrational and aggressive attacking the constable’s gun. The constable must defend and take appropriate action.

- AND -

Monadnock Expandable Baton (4 hours) - In this four hour certification course constables will be introduced to basic baton techniques including: stance, patterns of movement, grip, methods of carry, draws, two-handed grip blocks, counter strikes, and retention.

2012 Constables' Firearms Training

The Constable Education and Training Board adopted several changes to the Constables Firearms Qualification Course in 2010. The dual phase qualification was retained, but now uses the more simplified NRA TQ-19 center mass target. The course of fire reinforces the training received and duplicates “real world” scenarios while still insuring range safety. The course of fire includes the use of barricades, the requirement to move to cover, and the use of verbal challenges in each stage. *There have been no changes made to the Qualification Course for 2012.*

Highlights of the Qualification Course

NRA TQ-19 Center Mass Target

Figure 1 NRA TQ-19 Target

- The course requires that a shooter score at least a 75% in each phase. The constable must qualify on both phases with a minimum raw score of at least 45 out of 60 points for each phase, for a total possible score of 120.
- Barricade Positions at the 15 and 25 Yard Stage.
- Barricade stages involve shooter moving to cover, approximately 1-2 yards.
- Shooters practice verbals once per stage.
- Maximum score moves from 300 (5 X 60) to 120 (2 X 60)

Participation in firearms training is limited to constables who are current with their training, insurance, and certification. Only constables and deputy constables who are currently in office, and who have achieved certification through basic training or the waiver examination, will be allowed to attend any firearms training course. Current, valid certification is required before any constable or deputy constable can be enrolled or admitted to any firearms class. See Title 37 Law, Chapter 431, for regulations relating to the certification of constables and deputy constables.

Once certified to carry a firearm while performing the duties of a constable under §7148 of Act 49-2009, a constable or deputy constable must annually attend and successfully complete firearms training in order to remain certified to carry a firearm. An annual background check of each individual's criminal history record is also conducted. Constables and deputy constables who desire firearms certification under §7148 of Act 49 must initially attend and successfully complete the 40-Hour Basic Firearms Training. Constables who have previously been certified to carry a firearm under Act 49 should schedule themselves to attend Annual Firearms or Advanced Firearms Training. Firearms classes are distinguished by the last digit in the class ID number. "B" stands for Basic Firearms, "A" for Annual Firearms, "S" for Advanced Firearms.

Necessary equipment for the constable participating in Firearms Training:

- 1.) Appropriate service handgun of one of the following calibers: 380, 38 Special, 357, 40, 45, 9mm. Refer to Title 37 Law, § 431.43 for regulations relating to firearms qualification.
- 2.) Appropriate reloading device (at least two speed loaders or two magazines)
- 3.) Minimum of 60 rounds of service-type, **factory** ammunition for qualification (50 rounds for five-shot revolvers). Constables are encouraged to bring enough extra ammunition for second attempts to qualify, if necessary. **Reloads are not permitted.**
- 4.) Duty belt, appropriate/functional holster, and flashlight suitable for reduced-light exercises
- 5.) Eye and ear protection, baseball cap, and clothing suitable for inclement weather

The Annual Constable Firearms Training Course for 2012 will consist of 20 hours of instruction focused on improving basic marksmanship skills. It will include reduced light and judgmental training, as well as annual weapons qualification.

The Advanced Constable Firearms Training Course will also be 20 hours, but will provide more advanced training. It will take the place of the Annual Firearms Training, provided the constable demonstrated the required skill level the previous year. There will be two prerequisites for the 2012 Advanced Firearms Course. The first will be the successful completion of the 2011 Annual or Basic Firearms Course with a score of at least an 88% on the CQC with the constable's duty weapon. The second will be a 75% score on the written exam. The 2012 Advanced Firearms Program will consist of a series of assessments, laboratory, and practical exercises, in order to insure the constable meets or exceeds the PCCD's minimum firearms certification requirements. It will include reduced light and judgmental training, as well as the qualification course.

2012 Constables' Training 40-hour BASIC FIREARMS

The Basic Firearms course has been designed to provide essential grounding in acceptable law enforcement techniques for any constable who is not certified to carry a firearm by the Pennsylvania Commission on Crime and Delinquency (PCCD). It consists of 40 hours of basic firearms training and qualification. While the training is not mandatory, it is available to any constable who has completed the 80-hour Basic Training Course, has acquired a certification number, and is at least twenty-one years of age.

The 40-hour Basic Firearms course consists of a series of lectures, laboratory activities, and practical exercises that provide a basic understanding of the safe manipulation of a revolver or semi-automatic pistol. It starts with the presumption that the participant has little or no formal training. The course stresses safe handling techniques, proper cleaning, correct weapons handling skills, and marksmanship.

The constable will be exposed to firing in reduced light and to interactive judgmental shooting scenarios. Successful course completion will require passing all practical exercises and written tests, and demonstrating proficient, safe weapons handling skills. The constable will be required to complete a series of stage assessments and to fire a minimum qualification standard on the Constable Qualification Course (CQC). The CQC is divided into two stages. A shooter must qualify on each stage with a score of at least a 75%. The shooter who fails to pass one of the stages will be permitted to repeat the stage on which he or she did not meet the 75% threshold. This will be the shooter's one remedial attempt to qualify.

2012 Constables' Training 20-hour ANNUAL FIREARMS

The 20-hour Annual Firearms program has been designed to provide refresher training to certified constables. It will focus on improving acceptable law enforcement techniques presented in the Basic Firearms course. It also serves as a standard for advancement to the Advanced Firearms training modules. It will consist of a series of lectures, laboratory, and practical exercises that provide aid in the improvement of the safe manipulation of the constable's revolver or semi-automatic pistol. The course will emphasize safe handling techniques, proper cleaning, correct weapons handling skills, and marksmanship. Constables will also be exposed to firing in reduced light and to interactive judgmental shooting scenarios. Satisfactory course completion will require a passing score of 75% on all assessments and written tests. Constables must achieve a qualification standard of 75% or better on the Constable Qualification Course (CQC) using their duty weapon.

2012 Constables' Training 20-hour ADVANCED FIREARMS

In 2012, a 20-hour Advanced Firearms certification course will also be offered. The Advanced Firearms Course is designed for more experienced shooters. There will be minimum requirements for attendance. A constable must have achieved a qualifying score of 88% on the range the previous year and must also have a 75% score on the written exams. The qualifying score for the course of fire will be the same as for all other firearm classes. Shooters will fire for qualification at the beginning of the course. **If a constable fails to qualify in the Advanced Firearms course, he or she will be allowed to attend a standard Annual Firearms class that year at no cost or penalty.**

The Advanced Constable Firearms Training Course consists of 20 hours, but will provide more advanced training. It will take the place of the Annual Firearms Training, provided the constable demonstrated the required skill level the previous year. There will be two prerequisites for the 2012 Advanced Firearms Course. The first will be the successful completion of the 2011 Annual or Basic Firearms Course with a score of at least an 88% on the CQC with the constable's duty weapon. The second will be a 75% score on the written exam. The 2012 Advanced Firearms Program will consist of a series of assessments, laboratory, practical exercises, and a written test in order to insure the constable meets or exceeds the PCCD's minimum firearms certification requirements. It will include reduced light and judgmental training, as well as the qualification course.

Additional Weapons

Qualification with two weapons is permitted, *subject to time constraints and range conditions*. The constable must provide sufficient ammunition for that additional weapon. Constables must qualify with one duty weapon before they will be permitted to qualify with an additional weapon. If a weapon failure occurs during a second weapon qualification, a second attempt to qualify with that weapon is permitted, *subject to time constraints and range conditions*.

ON-LINE CLASS ENROLLMENT

The Pennsylvania Commission on Crime and Delinquency (PCCD) has made access to the Constables' Information System (CIS) available from the PCCD website. The system security standards have been reviewed by PCCD information technology personnel and other sources. A constable's personal information can be accessed only after the constable has properly identified himself during the process of signing-in to the CIS system.

Constables can enroll for training via the Internet:

A constable can search the training schedule by region and type of training, select a class, and enroll in it online. When a class is full, the system closes that class and only accepts enrollments from the waiting list. A constable is also able to cancel his or her enrollment for one class and enroll in a different class simultaneously. The system will not allow a constable to enroll in more than one class of a particular type at any given time. The system builds class rosters and automatically moves the first person from the waiting list to the class roster when another constable cancels his or her enrollment. It also tracks who has cancelled out of a class.

NAVIGATING THE PCCD WEBSITE

1. Go to: www.pccd.state.pa.us
2. When the PCCD Home Page opens, select the link for "Training/Certification" in the upper right-hand corner of the page.
(Do not Login on the PCCD Home Page for constable information)
3. Then, select the link for "Constables' Education and Training Program."
4. Then, select the link for "Constables' Personal Information Viewer" to add or remove yourself from a class.
5. Sign in and follow the prompts as applicable.

Paper Registration Instructions for Class Enrollment

Registration with the appropriate regional training delivery contractor is required prior to attending any class. Training is on a first-come, first-served basis. Class space is limited due to the availability of training facilities, and to provide a proper training environment. **Registrations cannot be accepted over the telephone.**

To register, complete a Standard Registration Form and mail or fax it directly to one of the six regional training delivery contractors. **Do not send registration forms to PCCD.**

Any registration questions should be referred to the appropriate regional training delivery contractor. You cannot register for any class by calling or mailing PCCD.

Attendance Policy

A constable who registers for training may **withdraw** from the course without penalty upon timely notification to the director of the school conducting the training. A notification shall be deemed timely, if it is delivered to the director of the school **no later than seven days prior to the start of class**. The school may assess a failing grade for all or part of the training, if the constable fails to provide timely notification and the Constables' Education and Training Board finds that substantial mitigating circumstances do not exist.

PA Constables' Classroom Code of Conduct

All newly elected or appointed constables and deputy constables must sign off on the PA Constables' Classroom Code of Conduct prior to enrolling into any constable training classes for training year 2012.

If you have attended constable training classes in 2011 or 2010, you have already signed off on this document and do not need to submit the acknowledgement again.

If you are unsure whether or not you have provided this document,

- Go to the constable page on PCCD's website
- <http://www.portal.state.pa.us/portal/server.pt?open=512&objID=5386&&SortOrder=1&level=3&parentid=5282&css=L3&mode=2>
- Select the "Constable Personal Information Viewer"
- Enter your information where indicated and select "Sign In"
- Select the link for "Personal Information"
- Scroll down the page until you find the "Activities" section.
- If PCCD has received the document, the date and method of receipt will be noted in this section. You will see "Accepted Code of Conduct" by either "Web", "Mail" or "Fax".

If you do not see this message, you have not provided the document.

Highlights of the PCCD Website for the Constable User

Please Note: All of the following features are only accessible to registered constables.

Constable Personal Information Viewer: Enter your last name, your Certification Number, and the last four digits of your Social Security Number. You must be registered with PCCD, but do not have to be certified, to sign-in and access information this way. If you do not have a Certification Number, use the Temporary Access Number that was assigned to you after you have provided your election or appointment certificate to PCCD. Once signed-in, you are able to view the following information in the Constables' Information System (CIS): your personal information (address, phone number, term dates, etc.), insurance information, certification information, grades history, and the status of enrollment in any training class. You are encouraged to periodically review your personal data in this area. Select the "Update My Information" link to submit changes to your personal information. PCCD staff reviews any change requests before they are accepted into the CIS.

Constable/Deputy Constable Record Form: When you click on "Update My Information," this screen appears. It allows you to submit changes to your basic information. PCCD staff reviews it in comparison with what is currently in the database and decides whether or not to accept it. If the new information is substantially different from the old, PCCD staff will contact you to verify it.

Insurance Information Page: This allows you to view what insurance information PCCD has in its database, based upon the most recent information PCCD has received from your county Prothonotary or Clerk of Court's office. Note: In the lower left-hand corner is the date and time the PCCD last updated your insurance information.

Current Class Enrollment Page: This screen shows any training that you are currently registered for, regardless of whether you enrolled online or you sent a paper form to the school. If you are currently enrolled in a class, CIS allows you to switch to another class that has a vacancy. Anytime that occurs, the system updates the appropriate class roster and notifies the school of an enrollment transfer. You can also cancel enrollments in this section.

Constables' Training Schedule: This screen allows you to search the entire training schedule, select a class, electronically enroll in it, and receive a confirmation.

For Persons with a Record of a Disability

If special arrangements are required for a person with a record of a disability to participate in any constable training course, the person must contact the training provider (school) at least 20 days prior to the first day of class.
