

INTRODUCTION

This listing contains career and technical education data for Pennsylvania Department of Education (PDE) registered adult programs at 62 area vocational-technical schools (AVTSs). The listing is divided into three sections. The section with enrollments and special populations is followed by the section with completers and special populations and finally by the program index. Data is listed in county order by local education agency. Data for the Central Susquehanna LPN Career Training Center is located in the front of the listing. Programs are listed in the index by career and technical program area.
