WANT TO BECOME A DEPUTY WCO?

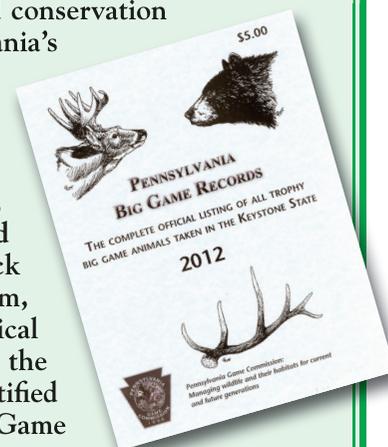

Deputy Wildlife Conservation Officers are local representatives of the Pennsylvania Game Commission. Individuals selected for these positions serve in a volunteer capacity and perform their duties under the supervision of a District Wildlife Conservation Officer. Deputies do not receive regular salary or wages. They may receive compensation at a Commission approved per diem rate, in lieu of wages and expenses on certain approved days, but history has shown that, in the performance of their duties, deputies spend far more money than they make.

Deputies are recruited locally on an as needed basis. Applicants must be in good physical condition, have a good knowledge of hunting, trapping and other outdoor activities, and be able to maintain a good working relationship with fellow officers and the public. Deputies should be prepared to function in all phases of Commission activities, including law enforcement, hunter education and other educational exhibits/programs, wildlife management and land management.

For more information about the qualifications needed and becoming a deputy, write 2001 Elmerton Ave., Harrisburg, PA 17110-9797; or call 717-787-4250.

The Game Commission bases its Big Game Scoring Program after, and uses the measuring system, of the well known Boone & Crockett Club. Scoring and keeping track of big game animals is important because harvesting a record book animal brings to attention the excellence of habitat and wildlife management practices that produce healthy wildlife populations. The scoring program also stresses hunter and conservation ethics, and is another tool that promotes recreational hunting and supports Pennsylvania's strong hunting heritage.

A printed version of the current PA records is available for \$5 (includes sales tax) plus \$1.25 shipping. The updated 2012 Record Book will be available in September 2012. To order call 1-888-888-3459. The categories and minimum scores for inclusion in the "Pennsylvania Book" are: Typical White-tailed Deer—Firearm, 140-0/8; Typical White-tailed Deer—Archery, 115-0/8; Nontypical White-tailed Deer—Firearm, 160-0/8; Nontypical White-tailed Deer—Archery, 135-0/8; Black Bear—Firearm, 19-0/16; Black Bear—Archery, 17-0/16; Typical Elk—Firearm, 300-0/8; Typical Elk—Archery; 200-0/8; Nontypical Elk Firearm, 325-0/8; Nontypical Elk—Archery, 275-0/8.
