

## **Innovation Success**

**Meetings and Troop Conferences** 

**Pennsylvania State Police** 

**Completed: July 2012** 

The PSP revised its internal policies governing troop conferences and PSP meetings to reduce the frequency of these events from monthly to quarterly.

PSP troop conferences and PSP meetings often required personnel to travel extensive distances on a monthly basis to attend. The PSP found that it could increase efficiency by holding troop conferences and PSP meetings quarterly rather than monthly.

This policy change will increase productivity and reduce fuel and vehicle maintenance costs.
