CHARTER SCHOOL ANNUAL REPORT SUMMARY DATA

Summary Data Part I

Charter School Annual Report Summary Data 2011 - 2012

Name of School: Mastery CS-Clymer Elementary

Date of Local Chartering School Board/PDE Approval: 7/1/11

Length of Charter: 5 Years **Opening Date:** 8/29/11

Grade Level: K-8 **Hours of Operation:** 8:20-3:50

Percentage of Certified Staff: 73.0% **Total Instructional Staff:** 37

Student/Teacher Ratio: 10:1 **Student Waiting List:** 188

Attendance Rate/Percentage: 92%

Summary Data Part II

Enrollment: 442 **Per Pupil Subsidy:** \$8,773 Regular / \$19,423 Special Ed.

Student Profile

American Indian/Alaskan Native:	0.5%
Asian/Pacific Islander:	0.0%
Black (Non-Hispanic):	93.4%
Hispanic:	5.9%
White (Non-Hispanic):	0.2%
Multicultural:	0.0%

Percentage of Students from Low Income Families Eligible for a Free or Reduced Lunch:
99.3%

Provide the Total Unduplicated Number of Students Receiving Special Services (Excluding Gifted) as of Previous December: 95

Instructional Days and Hours

Instructional Hours	NA	NA	1143	1143	1143	NA	1143

SECTION I. EXECUTIVE SUMMARY

Educational Community

Mastery Charter School — Clymer Elementary is a turnaround school based on the model developed by Mastery Charter High School -- Lenfest Campus (founded in 2001). Mastery's mission is to prepare urban youth for success in higher education and the global economy. Mastery Charter was selected by the Clymer Renaissance School Advisory Council for complete restart in March 2011. Clymer is a K-8 school in the North Philadelphia section of the city.

In September 2011, the Clymer School was converted into a Mastery Charter School, a new independent charter school. The existing students remained but Mastery replaced the staff and implemented its program. Since March 2011, the Mastery network and school-level leadership team and members of the SAC (Current membership is more than 50% current Clymer parents) have worked together to refine and implement the plan now in place for turning around this once failing school into a high-performing school. We have received early positive reviews for the initial changes and are confident we had a robust planning process in place.

In 2011-2012, Mastery Clymer served approximately 448 students in grades K-8. Approximately 95% of Clymer students are eligible for a free or reduced school lunch, 93.4% of the students are African-Americans, 6.4% Hispanic, 0.2% Non-White, 0% Multi-ethnic, and 22% of the students have been special education identified.

Based on 4Sight Exams 96% of Clymer students were behind in math and 76% of students were behind in reading when school opened.

Mission

Our mission is: All students learn the academic and personal skills they need to succeed in higher education, compete in the global economy, and pursue their dreams.

Vision

Our vision is for all students who enroll in Mastery Charter to graduate from college.

To fulfill this vision our goals are:

- 85% of students score proficient or advanced on the PSSA by 8th and 11th grades
- Our students score at or above the national average on the SAT
- At least 85% of our graduates to enroll in post-secondary education -- a two or four year degree program or technical training.

Shared Values

We believe that all young people, especially those who have been traditionally underserved by schools, have the right and the ability to learn what they need to succeed in the world. Our job is to enable urban students to gain the skills they need so that they have the freedom to pursue their individual dreams. We believe the standards required for success in the world are fixed. Students either meet employer expectations and higher education standards or they don't. There is no in-between. Thus the Mastery motto: Excellence. No Excuses.

MASTERY VALUES

1. Student Achievement -- Above All

Student achievement is the civil rights issue of our time and the reason we exist. Each staff member is responsible for our students' success.

2. We Serve

We serve students and their families first. Our business is their success.

3. The High Road

We do the right thing. We are fair and treat folks with respect.

4. Grit

Our students' futures are at stake — we don't give up. We do more with less. If it doesn't work, we fix it. We find a way.

5. Joy and Humor

Our positive, caring culture supports student and staff success.

We like fun. We love to laugh.

6. Straight Talk

We face reality, communicate honestly and respectfully, and hold each other accountable.

7. Open Doors

Everybody is welcome to talk to anybody. We are open and transparent.

8. Continuous Improvement

We seek a better way -- always. We are engaged in an ongoing cycle of goal setting, action, measurement, and analysis.

9. One Team

We are in this together. We may disagree, but at the end of the day, we support each other 100%.

Academic Standards

STANDARDS-BASED DESIGN

Mastery utilizes a rigorous college-prep program built around graduation skills and content standards. These standards are intended to develop the skills and content required to succeed in college and the global economy (as stated in our mission). Our standards are derived from Pennsylvania content standards, workplace readiness, personal management skills standards (SCANS, 1991), and subject-specific best practices (NCTE, NCTM, NSTA). We translate Pennsylvania state standards and Mastery's standards into skill and content standards that serve as the foundation of each of our courses' curriculum.

COMPETENCY-BASED GRADING & PROMOTION

Mastery Charter provides a common general education curriculum with a heavy focus on Reading and Mathematics.

Traditional A thru F grading is not consistent with Mastery's goal of ensuring all students master the skill standards. Instead, Mastery uses a "Mastery" and "Incomplete" system. Students attain mastery by maintaining a 76% or above average -- the level at which we are confident students have mastered the material.

By embedding State standards in our curriculum and competency-based student promotion, we are assured that every student will master the standards outlined under section 4.12 of 22 Pa. Code. Moreover, promotion and grading structure is designed to ensure all students acquire the skills they need, and every student receives the time and support they require.

Strengths and Challenges

The 2011-2012 academic year was Mastery Charter School Clymer Elementary Campus' first year as a turnaround charter school, as part of the School District of Philadelphia's Renaissance Schools initiative. During this year, everything from facilities to staffing was transformed as part of the turnaround. Preliminary PSSA results indicate significant increases in the percentage of students who are proficient and advanced in reading and math, as well significant decreases in the percentage of students who perform at the below basic level in all subjects and all grades.

In addition to the academic changes, our school saw a 98% (check number) reduction in violence, an increase in average daily attendance, and a dramatic increase in parent support as measured through participation in evening performances, report card conferences, and requested parent meetings.

Challenges:

Part of the challenge at the beginning of the school year was getting students on board with the new expectations—everything from an earlier start time, a longer school day, the expectation of homework every night, classroom rules—and doing it all in a collapsed time frame.

After the turnaround, the connection between poor school performance and significant emotional and behavioral health needs became strikingly evident. The students at Mastery Charter School Clymer Campus have disproportionately experienced traumatic events including abuse, neglect, exposure to domestic violence, exposure to substance abuse, incarceration of parents, removal from their home for child welfare reasons, and death of family members and friends both to natural causes and through community-based violence. Many of our students report having experienced multiple of these traumatic events and most have received little or no services regarding these issues. As a result of the challenging environment of North Philadelphia, along with limited access to mental health services, Mastery Clymer has a student population with significant mental and behavioral challenges. With a school population of 440 students, 25% (108) receive Special Education services. Ten percent of the student body has a diagnosis of Attention Deficit Hyperactivity Disorder and/or Oppositional Defiant Disorder. Close to 10% of the middle school students were psychiatrically hospitalized just this school year, many for long stays and repeat hospitalizations, and a number of younger students also were hospitalized through the course of the year.

SECTION II. STRATEGIC IMPROVEMENT PLANNING

Strategic Planning Process

Mastery's improvement planning process continues throughout the year and includes all levels of staff. Key steps in the process are:

1. **Establish Goals** Goals are established each summer. This involves:
 - o Updating the goals described in the charter
 - o Adding new goals based on the information gathered from the year end wrap-up process. The goals are drafted by the CEO and school leadership team.
2. **Board Approves Goals** Annual goals are reviewed first by the Executive Committee and then adopted by the Board as a whole.
3. **Goals are Discussed with Teachers** Annual goals are discussed and reviewed by the entire teaching staff during the summer orientation in August. Performance metrics are set, action plans are developed, and committees are organized as needed. When appropriate, goals may be modified after teacher input.
4. **Incremental Progress Reviews Every Six Weeks** Every six weeks a professional development day is held to review benchmark test results, grade data, and analyze other pertinent information. The school leadership meets one-on-one with teachers, in subject teams, and as a school staff. Trends and issues are discussed and problem-solved.
5. **Semester Data Review** Course grade data, test score results, discipline records, and student withdrawal data are reviewed during the semester break by leadership and staff. Patterns and areas of concern are highlighted and solutions proposed. Standardized test score data are analyzed in the late spring when test results become available.

6. Whole Staff Review Year End Data and Propose Lessons Learned The whole staff meets for two days at the end of the school year to review data for the year and discuss lessons learned. Performance versus the metrics is reviewed. Proposals for programmatic improvements are proposed and discussed. These proposals are developed throughout the summer by leadership and staff.

This continuous improvement process enables Mastery Charter to identify patterns as they emerge. Weak areas in our program are surfaced during the year and problem-solved in a continuous cycle of goal setting, data collection, and review.

Strategic Planning Committee

Name	Affiliation	Membership Category	Appointed By
Agatan, Yonca	Mastery Charter Schools	Administrator	CEO
Cronk, Meredith	Mastery Charter Schools-Clymer Campus	Administrator	CEO

Goals, Strategies and Activities

Goal: Mastery Charter Schools Will Support Professional Development Opportunities

Description: Mastery Charter Schools will support professional development opportunities for staff.

Strategy: Provide professional development to train and support staff

Description: Mastery's PD plan is comprised of 4 key programs:

- Teacher Orientation
- Weekly PD
- Team Meetings
- Individualized Teacher Coaching

Activity: Individualized Teacher Coaching

Description: Teachers are observed frequently and receive feedback as a result of every observation. Struggling teachers and teachers focused on developing additional skills receive individualized ongoing coaching from master teachers and administrators.

Statement of Quality Assurance

Charter school has met AYP.

There are currently no supporting documents selected for this section.

SECTION III. QUALITY OF SCHOOL DESIGN

Rigorous Instructional Program

PROGRAM STRUCTURE

Mastery's education model is designed to:

1. Develop an excellent foundation of academic skills and ensure all students master PA standards
2. Develop social-emotional and independent thinking skills

Scaffolded Course Structure: Multiple Entry Points, Single Exit

Mastery's entire academic program is back-mapped to deliver the PA Standards as described in section 4.12 of 22 Pa. Code as well as the academic and personal skills required by colleges and the modern workplace. However, we recognize that students enter Mastery at dramatically varying skill levels — from functionally illiterate to above grade level. To effectively meet students at their incoming skill levels, we differentiate instruction throughout the school day.

Mastery Grading & Promotion

Traditional A thru F grading is not consistent with Mastery's goal of ensuring all students master skills and content. Instead, Mastery uses a "Mastery" and "Incomplete" system. Students "Master" a course by attaining a grade of 76% or above. Anything less is considered "Incomplete" and must be revisited.

ACADEMIC SUPPORT & INTERVENTION

We consistently strive to develop a "success through hard work" ethic in our students. Students are told that they are expected to master all of their classes and that we will do anything necessary to support their success. Many supports and interventions are scheduled after school and on Saturdays.

Students that are identified as having a barrier to their academic success are referred to the Student Assistance Program (SAP) team. The SAP team is responsible for evaluating the issues and identifying supports and services to aid the student in overcoming these barriers.

Thus by embedding State standards in our curriculum and our competency-based student promotion, we are assured that every student will master the standards outlined under section 4.12 of 22 Pa. Code. Moreover, our promotion and grading structure is designed to ensure all students acquire the skills they need, and every student receives the time and support they require.

INSTRUCTION

- ***Standards-Based, Skills-Focused Curriculum & Assessments***

Mastery translates Pennsylvania state standards and the skills and knowledge we believe students require for college into clear and measurable standards. These standards are embedded in course curricula with each course strategically building upon the skills mastered in the previous course.

Each course is sub-divided into six week blocks that cover a specific set of skill standards. The scope and sequence is structured around these standards and lays out which standards students need to master by when.

Mastery adopted this intentional, focused, standards-based approach because it clarifies for teachers and students what skills and content need to be taught and mastered. It enables coherence and consistency across classrooms to support student learning.

- ***Achievement Criteria***

Perhaps the most useful of these assessments are Mastery developed benchmark assessments that are delivered at the end of every six week marking period in core courses. Most major assessments such as unit exams and end of report period benchmarks are centrally developed to ensure consistency in measuring student progress. These benchmarks are intended to be the assessment tie between Mastery's curriculum and Pennsylvania standards. The benchmarks provide a clear measure of what students need to learn. Consequently, teachers use the results of the benchmarks to prioritize and organize their instruction, ensuring that they direct attention where students have need. In addition, reading inventories are conducted routinely throughout the school year in grades K-3.

A full professional development day is dedicated after each benchmark so teachers can meet with the school leadership and colleagues to review their classes' data and develop plans for re-teaching and reassessment.

- ***Mastery Instructional Model***

Mastery instructors are focused on students' mastery of the standards. We teach and support until students learn. To enable the most effective instruction, Mastery has developed an Instructional Model.

At the heart of the Instructional Model are a few simple themes:

- o *Urgency*: Instructors teach with rigor and zest. Time is not wasted.

- o *Objective-Assessment Alignment*: Instructors identify a clear and measurable objective and then assess whether students mastered that objective

- o *Focus*: Instructors target the standards students need to learn. Assessment data is used to determine students' areas of need.

In upper elementary grades, most lesson flows follow Madeline Hunters' Direct Instruction - Guided Practice - Independent Practice format. While there are variations on this format, all instruction at Mastery maintains a tight connection between the standards and the assessment.

In general, we find that instruction at the earlier grades is quite focused on fundamental academic skills, while at the upper grades, the focus shifts towards critical thinking and analysis.

- *Professional Development*

Teachers are our greatest asset and therefore supporting and developing our teachers is a paramount priority. We do this through a number of forms:

- a) *Planning Time*

To be effective, we know that teachers need time to plan and work collaboratively with colleagues. Available time includes:

- *Planning periods*: Teachers have one or two planning periods daily

- *Wednesday Afternoons*: Students are dismissed early every Wednesday leaving approximately 2.5 hours for co-planning and internally driven professional development.

- **Benchmark Conference Days:** Every six weeks a full PD day is held to review benchmark data and plan for the upcoming report period.

b) Instructional Feedback and Support

Mastery believes that to grow as professionals, we all need frequent, specific, thoughtful feedback. All Mastery teachers receive a minimum of nine informal and formal observations per year. Mastery's Instructional Standards provide a common language and observable data with which to provide constructive feedback and dialogue. The Principal, AP for Instruction and AP for Special Education take responsibility for supervising and supporting the teaching staff. In addition, Master Teachers provide non-supervisory coaching and instructional support. This leadership structure ensures that teacher support receives top priority. Mastery seeks to foster an "open classroom" culture of mutual respect and appreciation between administrative and instructional staff.

c) Professional Development

In August before the school year begins, teachers receive 8-10 days of training and Professional Development focused on Mastery's Instructional Model, curriculum, and school culture programs. Sessions are delivered by outside providers as well as Mastery's Chief Academic Officer's staff. These sessions continue periodically throughout the year and at the semester break.

d) Continuing Education Reimbursement

Mastery encourages staff to continue developing their instructional practice by taking coursework and workshops related to their field. Up to \$1,000 annually is available to all instructional staff to reimburse for educational coursework or certification testing and related expenses. Up to \$400 is available for education related workshops/seminars (and travel to those seminars). The total amount an employee can receive in any one year between coursework and workshop reimbursement is \$1,000.

e) Peer Visits:

Throughout the year, teachers conduct peer visits in an effort to share strategies and get feedback.

- **Social-Emotional Learning**

Given Mastery's mission to prepare all students to compete in the global economy, students' social-emotional skill development is central to our program. Mastery has developed a social-emotional instructional program that fulfills chapter 4 requirements to "promote high levels of student behavioral development, social competency, vocational skill proficiency and academic achievement." Social emotional coursework occurs in all grades.

CURRICULUM MATERIALS

Reading Mastery and Envision Math are our two core curricular components. Texts and curricular materials are reviewed annually.

Rigorous Instructional Program - Attachments

- A. 1112 Professional Education Plan Approval
- B. 1112 Induction Plan Approval

English Language Learners

To ensure Mastery is meeting the needs of English language learners, a comprehensive Home Language Survey (HLS) is completed by the parents of incoming students during the registration process. Students answering any question on the HLS with a response of a language other than English are assessed using the W-APT, Pennsylvania's suggest screener to identify the needs of English Language Learners.

Students who are fluent in English and have not been identified as Limited English Proficient from previous schools, but identify a home language other than English on the HLS, will have their records reviewed for the following information to determine individual need:

- Results of previous school's WIDA assessment.
Final grades of a B or better in the core subject areas;
- Scores on district-wide assessments that are comparable to the Basic performance level on the PSSA
- Scores of Basic in Reading, Writing, and Math on the PSSA

In order to be exempt from the English language proficiency assessment, students must meet two of the above criteria in addition to receiving approval from a teacher familiar with the student's academic performance. While we do not have any identified students requiring ELL supports at this time, we have developed an ELL support program that meets regulatory requirements.

ELL Program Summary

The LEP/ELL Program offers:

- standards-based English instruction as a second language at the appropriate proficiency level,
- content area instruction aligned with the corresponding standards and adapted to meet the needs of the students, and supplemental reading support assessment processes that reflect the standards and instruction.

Students and their parents are afforded the opportunity to meet with the school staff, so parents, with the assistance of an interpreter, can understand Mastery's program. Students are assessed, and an instructional program is developed.

Instruction in ESL includes listening, speaking, reading, and writing at different levels of proficiency: beginning, intermediate, and advanced. Standards will be addressed and objectives developed for ESL classes at all levels depending upon the individual students' levels of language development and proficiency. ESL will replace language-arts and English instruction. The type and amount of standards-based ESL instruction provided to students will depend upon their level of language development and proficiency as determined by an appropriate English language proficiency instrument. However, guidelines for amounts of daily ESL instructional time:

- for non-English-speaking students—2 to 3 hours
- beginner—2 hours
- intermediate—1 to 1½ hours
- advanced—1 hour

Graduation Requirements

The school does not have a 12th grade and does not graduate students.

Special Education

Mastery believes the individualized perspective, focused curriculum, and progress measurement mandated by special education law should be a feature of the regular educational program. Accordingly, Mastery integrates special education into the regular structure of the academic program to the maximum extent possible.

Mastery employs primarily an Inclusion Model for the delivery of Special Education services. Services are delivered to each child with a disability in the least restrictive environment, which is determined by the student's IEP Team. Additional supports may include a "pull out" model of direct instruction.

Students with significant reading deficits in 9th grade take an English fundamentals course that is designed to address adolescents with low reading skills. The course utilizes remedial curricula including Cambium Learning's Language! and teacher developed material. The goal is for students to progress at least 2 grade levels per year. These accelerated courses have a smaller teacher to student ratio and may include co-teaching or in-class support with a special education teacher. Many students make the transition to grade level coursework by 10th grade. A period of additional reading support is available for students with significant need.

In Math, students with significant deficits receive additional after-school support twice weekly. Students who continue to struggle in math can take a pre-algebra course in 9th grade and then transition to algebra in 10th grade. Manipulatives, alternate curricula and small group or individual instruction are utilized to support students. Individualized support is delivered both in-class or as a pull-out with a support/special education teacher.

IEP's are distributed to all teachers. Special Education staff conference with regular ed teachers weekly during the Wednesday afternoon professional development block to discuss instructional strategies and accommodations for students with disabilities. In this way, teachers can coordinate their instructional strategies and engage in an ongoing dialogue on how best to meet students' needs. Teachers also discuss appropriate assessment strategies, accommodations and adaptations for identified students.

Junior and Senior high school students who are cognitively unable to take high school level coursework enroll in our Transition program. The goal of the Transition plan is to prepare students for work. Students in the transition program take some in-school coursework and may spend part of their day in a job setting.

Impact of Data on Annual Goals, Improvement Plans, & Curriculum

1) ACADEMIC ACHIEVEMENT IN READING

DATA: Number of students proficient in reading increased from 29 to 39%.

GOAL REVISION: For 2012-2013, the goal will be increased from 45 to 55%.

IMPROVEMENT PLAN:

- a) Intensive August Reading Training- Before the school year begins, all Reading teachers will participate in a 5 day intensive professional development series. Reading topics will include- Work Study/Vocab Planning Session, Reading Workshop series, Meaningful Talk in Literature.
- b) Additional Staffing—we also are hiring a Literacy Coordinator & reading teacher for the fall who will focus on the students most in need of reading instruction/support.
- c) Reading Intervention Program—several new programs are all being evaluated currently for evidence of effectiveness. Incoming students with low intake test reading scores and/or IEPs that indicate a need in segmenting, decoding and other basic reading skills are scheduled for 3 periods of Reading / Writing instruction daily.

2) ACADEMIC ACHIEVEMENT IN Math

DATA: Number of students proficient in math increased from 31 to 47%.

GOAL REVISION: For 2012-2013, the goal will be increased from 50 to 60%.

IMPROVEMENT PLAN:

- a) New Math Supplemental Curriculum- Clymer has purchased the *Do the Math* and *Do the Math Now Program*. The new supplemental math curriculum program will be implemented across grades 3-8 to complement the current math curriculum.
- b) Curriculum Support: We will employ a Math content lead for the first time next year. The content lead is a teacher who will serve as department lead, content expert, and instructional exemplar. We plan to utilize the skill set of this individual to ensure that our Math teachers work collaboratively as a Professional Learning Community throughout the year.
- c.) Math Intervention Program—several new programs are all being evaluated currently for evidence of effectiveness.

Impact of Local & Standardized Assessments on Student Progress Plans

All student performance evaluations, in addition to the six-week benchmark assessments, are recorded in Mastery's data system which is available to teachers and administrators. The staff reviews student grades and benchmark assessments every six weeks, in addition to the ongoing assessment that occurs during formative evaluation. Teachers use this data to fine tune instructional and curricular strategies and to identify students in need of extra help. Teachers also meet weekly in subject team/ grade level team meetings where they discuss curricular and student issues and trouble-shoot problems. Additionally, the data has been broken out by teacher and a plan of support has been put into place for those teachers who may be struggling to achieve high levels of proficiency in their classrooms.

Students who are weak performers are reviewed and, if appropriate, given additional support (office hours, tutoring, etc.), placed in a different class for academic support, evaluated in the Child Find process, referred to the Director of School Culture or Social Worker, and/or given alternate support interventions.

B. Strategies For At-Risk Students

Mastery had implemented several support systems for students with special needs and for students who are at risk for being retained. These support systems include:

Small Group Reading and/or Math Instruction — Small group instruction is given to students with special needs who are better served in a small group environment.

Student Assistance Program (SAP) — Staff members may make a student referral to the SAP team if they feel a student is in need of additional support. Referrals remain confidential and are discussed at a weekly SAP meeting. When appropriate, students are referred to outside mental health or social service agencies or to Mastery's special education team for evaluation.

Counseling — We use RHD to provide counseling for students in school. RHD provides individual and group counseling to students as needed.

Social Worker — School Social Workers manage the iTeam, coordinate with the RHD counselor, and provide support at home and in school.

CAPS program — We partner with the Camelot program to provide an intervention, positive-behavior support program for students who displayed a pattern of mental health concerns. In the CAPS program, students still participate in Mastery's rigorous academic program, but also participate in behavior programs and counseling sessions. Class size is dramatically reduced to approximately 12 students with 2 adults in the classroom.

EVIDENCE OF EFFECTIVENESS

The broad test score gains described above indicate that the strategies described are effective. Our continuous progress monitoring of IEPs indicates students are meeting their individual goals and objectives as outlined in their plans.

Student Assessment - Attachment

- F. 1112 Student Assessment ES

Teacher Evaluation

Main Features Of Teacher Evaluation Plan

Support for teachers and teacher coaching is essential to our student's success at Mastery. Clear expectations, an articulated instructional model, and frequent classroom observations are major components of Mastery's teacher evaluation system. All teachers receive two days of training on our instructional model and observation rubric at the start of the year and additional workshops in PD sessions throughout the year.

Teachers are evaluated on 35 instructional standards encompassing 4 broad areas:

- Objective Driven Lesson: including using data to inform lesson planning, creating measurable objectives, insisting on high rigor, and assessing student mastery of the objective.
- Instructional Quality: including effective modeling, guided practice and independent

practice, checking for understanding, higher order questioning, and effective student engagement.

- Classroom Systems: including classroom procedures, room set-up, effective visuals, student organizational processes and preparation.
- Student Motivation: including lesson pacing, classroom management, student rapport, and classroom presence.

The Leadership Team observes each teacher's classroom — both informal feedback visits and formal evaluations -- a minimum of 8 times annually. All feedback and observations are documented and involve a face-to-face debrief. Mastery uses its teacher observation forms in conjunction with the PDE evaluation 426 Form. After formal evaluations, the teacher and supervisor meet to debrief.

In addition, school leaders meet with each teacher every six weeks to review students' grades and benchmark test data for the teacher's classes. These discussions are focus on the teacher's instructional strategies.

Struggling teachers receive a Professional Improvement Plan to help the teacher improve his/her practice. This Individual Professional Improvement Plan lays out clear goals and benchmarks for the teacher. It further indicates specific training, reading, classroom videotaping, and/or new practices required of the teacher as s/he develops.

SECTION V. GOVERNANCE REQUIREMENTS

Leadership Changes

This is the school's first year of operation. All Board members and school administrators were new.

Board of Trustees

<u>Name of Trustee</u>	<u>Office (if any)</u>
Judith Tschirgi	Chair
Ron Biscardi	Secretary
Charles Corpening	Treasurer
Graham Finney	Member
Michael Major	Member
Brook Lenfest	Member
Jordan Meranus	Member
James Sheward	Member
Sandra Dungee-Glenn	Member
Gerry Emery	Member

Professional Development (Governance)

New Board members are oriented to the Board's role and responsibilities by Judith Tschirgi, Mastery's Board Chair. Bob O'Donnell, Mastery's legal counsel, attends Mastery's board meetings five times annually and reviews Board governance responsibilities and ethics considerations. The school complies with Sunshine Law requirements by posting our meetings in the Philadelphia Daily News at the beginning of the school year. Finally, the Board approved a resolution stating Mastery's compliance with the Public Officials Act; all members complete the Statement of Financial Interest as required by the Public Officials Act.

Coordination of the Governance and Management of the School

Mastery's CEO Scott Gordon is appointed by the Board and is responsible for the day-to-day operations and management of the school. Mr. Gordon supervises the Principal who is responsible for academic leadership and supervision at the school. Mr. Gordon reports directly to the Board and speaks regularly with Judy Tschirgi, the Board Chair and the Executive Committee of the Board. Key issues - such as the overall business plan, curriculum strategy, standards, annual budget, hire approval, and the school's discipline posture - are discussed and decided at the Board level. The Board has the following committees that meet on an ongoing basis between Board meetings:

- The Executive Committee of the Board meets monthly and is empowered to act in the Board's behalf when Board oversight is required between Board Meetings. The Executive Committee handles outstanding student issues, disciplinary hearings, and parent complaints. The committee also nominates prospective Board members, and conducts the CEO's annual review.
- The Finance Committee of the Board supervises the financial processes and reviews monthly financial statements. The Audit Committee, which is a subcommittee of the Finance Committee, supervises the audit.
- The Development Committee is responsible for coordinating Mastery's fundraising efforts.

- The Strategic Planning Committee advises the Board and CEO on key leadership, organizational and strategic direction issues.
- The Academic Committee provides input oversight of the school's academic program.
- The Community Committee provides input into the schools efforts to engage parents and the larger community.

RELATIONSHIP WITH SCHOOL DISTRICT OF PHILADELPHIA

Mastery enjoys a good working relationship with the School District of Philadelphia (SDP) as our authorizer. Mastery's CEO and key staff have met with the School Reform Commission and other members of the District leadership on several occasions this year to discuss ways Mastery could effectively work with the School District. Mr. Gordon and speaks regularly with the charter school office and key departments within the District if any issues arise.

Coordination of the Governance and Management of the School - Attachment

- H. 1112 Board of Trustees Meeting Schedule

Community and Parent Engagement

At Mastery, parents/guardians are partners in their child's academic success. Our model includes:

- o Parent Communication related to academic work occurs via take-home planners with key assignments and homework, an online parent portal, and several on-site parent-teacher conferences.
- o Parent Training related to supporting their child's learning at home is provided.
- o Parental Involvement in School Governance is strongly encouraged through the Parent Association, PTA, and/or School Advisory Council. Parent Association representatives are invited to meetings of the Board of Trustees and trainings are held throughout the year to help parent leaders be more successful.
- o Parent Friendly Schools — warm, personal reception staff is important to make parents comfortable engaging with their child's school.
- o Survey Feedback — the annual survey gauges parent satisfaction with the school and helps us to better serve parents the following year.

There are a minimum of 6 Parent Association, PTA, or School Advisory Council meetings per school year and the topics vary from academic progress, fund-raising, volunteering, and parent leadership.

SECTION VI. FINANCIAL RESPONSIBILITIES

Major fund-raising activities

Mastery's 2011-12 fundraising activities focused on supporting the start up of the new schools this year. These initiatives were centered on curriculum and program development, staffing enhancements, and facilities renovations. Mastery's operations and growth are supported by the Mastery Charter Schools Foundation, a separate 501c3 organization. Board members and current contributors introduced new prospective donors to Mastery during the school year. School tours were conducted to familiarize prospective donors with the school.

More than \$700,000 dollars were raised for Clymer Elementary this year, with major contributions coming from the following sources:

- \$434,531 from a federal School Improvement Grant for Restart;
- \$70,000 from a federal Charter Schools Program grant; and
- \$200,000 from the Walton Family Foundation.

Fiscal Solvency Policies

Mastery defines fiscal solvency as the ability to grow and to sustain itself in the long term and the ability to cover all debts and expenses. Mastery ensures that its programs are sustainable by projecting revenues and expenses at least 5 years into the future. The projections reveal predictable break even dates for all schools. As our schools reach full enrollment, they are able to cover general operating expenses with per pupil revenue from the School District of Philadelphia through the PA Department of Education. Our Board approves projects that support the mission and strategic goals for the year; Mastery raises private funds to cover the costs of these projects and the administrative costs of the management office.

Mastery has a Finance Policy and Procedure Manual. Policies include reserves to prepare for future maintenance issues and reserves to prepare for future required retirement contribution increases. Mastery ultimately ensures solvency by frequent analysis of programmatic and financial model sustainability, by maintaining target levels of cash at each school, and by active monthly analysis of cash required to cover expenses and debts. Mastery does not have any current issues with fiscal solvency or cash flow.

Accounting System

Mastery uses the accrual system of accounting in accordance with Generally Accepted Accounting Principles (GAAP). Mastery records all transactions in its Blackbaud Financial Edge accounting database. Mastery uses the Pennsylvania State Chart of Accounts for Pennsylvania Public Schools.

This is the School's first year of operation. The 11-12 audit was not complete as of the writing of this report.

There are currently no supporting documents selected for this section.

Citations and follow-up actions for any State Audit Report

Mastery has not yet had a State financial audit of its operations.

SECTION VII. FACILITY RESPONSIBILITIES

Acquisition of Facilities, Furniture, Fixtures, and Equipment During the Last Fiscal Year

Mastery did not acquire any major facilities during FY2011-12. Over the summer, Mastery made minor renovations to the building including new furniture. The school is currently going through a painting project. Mastery is also in the initial planning stages of a Voice Over IP (VOIP) at the Clymer Campus.

Future Facility Plans and Other Capital Needs

The Clymer Campus is a partnership with the School District of Philadelphia and is housed in the School District's Clymer Elementary School building. Mastery Charter Smedley Campus leases the facility at 1201 W. Rush Street, Philadelphia, PA 19133 and intends to continue this agreement in the future.

SECTION VIII. HEALTH AND SAFETY RESPONSIBILITIES

Compliance With Health and Safety Requirements and Maintenance of Health and Immunizations Records for Students

HEALTH AND SAFETY REQUIREMENTS:

Mastery Charter conducted regular monthly fire drills to comply with safety regulations. City License and Inspections examined the building for safety and fire code violations and issued a Certificate of Occupancy, finding no material deficiencies. Mastery filed PDE-4101 — Certificate of Fulfillment of Fire Drill and School Bus Emergency Evacuation Drill Requirements — with PDE.

Health and Immunization records were collected for all students. Records for all students are kept on file at Mastery. Mastery filed the School Immunization Law Report with PDE. Information on file includes:

- Medical/Health Information form to be completed by the parents/guardians requesting general health information
- Private Physician's Report of Physical Examination of a Pupil of School Age (must be submitted prior to the students first day of attendance). This form covers Medical History on Immunizations and Tests such as Diphtheria/Tetanus, Polio, Measles, Mumps, Rubella, Hepatitis B, and Tuberculosis. Also covered is a Report of Physical Examination and Significant Medical Conditions, including but not limited to allergies, asthma, chemical dependency, diabetes, hearing disorder, hypertension, respiratory illness, and seizure disorders.
- Private Dentist Report of Dental Examination of a Pupil of School Age (must be submitted prior to the students first day of attendance).
- Vision and hearing screens. Mastery Charter invites volunteer physicians to conduct vision and hearing screenings for all students.

WELLNESS POLICY IMPLEMENTATION

Mastery has completed and submitted the Local Wellness Policy Checklist and Student Wellness Policy which was accepted by the School District of Philadelphia. Mastery pursued the implementation of the Guidelines for Nutritional Standards for Competitive Foods in Pennsylvania Schools. The program is monitored by our physical education and nutrition instructors, our cafeteria manager, and our school nurse. Mastery has already executed the following initiatives:

- Physical Education & Physical Activity Mastery provides students with physical education courses taught by certified teachers. Age appropriate activities including aerobics, weight-training, dance, and various other recreational sports. These activities are used to positively reinforce the importance of physical activity in a balanced lifestyle. In addition to our physical education courses, we sponsor various after-school activities such as football, soccer, drill team, dance, step class, track, basketball, yoga, and karate.
- Other School Based Activities Mastery's students are offered well balanced meals in a safe clean environment monitored by the cafeteria manager. The cafeteria manager also oversees the fundraising activities during the lunch hour. In lieu of candy bars, high fat snacks, and caffeinated sodas, students are able to sell soft pretzels, popcorn, fruit, fruit juices, water, and milk.
- Safe Routes to School Our administrative and teaching staff team up with local police departments and public safety agencies to ensure that students have safer routes to school. Crosswalks, sidewalks, and streets are monitored for safety, making walking and bicycling to school easy.

SECTION IX. ADMINISTRATIVE NEEDS

Quality of Teaching and Other Staff

2011-2012 Teaching Staff

- 36 new teachers were hired for 2011-12 school year
- 3 new teachers were hired mid-year

37 instructional staff members were employed during the 2011-12 school year. 35 remained for the entire school year and 2 left mid-year.

2011-2012 Administrative Staff:

- Meredith Cronk served as Principal
- Sara Calabrese served as the Assistant Principal of Instruction
- Siobhan Leavy-Buttil served as the Director of Special Education
- Ben Kohler served as the Director of Operations
- Abeku Hayes served as the Director of School Culture

73% of our 37 professional staff members (teachers, assistant principals, principal) are certified.

Staff Retention Patterns and Reasons:

Mastery takes deliberate steps to create a strong professional learning community. Mastery conducts a staff satisfaction survey each January and June and our teachers have rated their job satisfaction with 52% as very satisfied or satisfied and 88% as at least somewhat satisfied.

Many of the teachers that are attracted to our educational model are young, energetic, and early in their careers and family plans. In addition, Mastery has very high standards for our teaching staff. As a result, some turnover is expected. For 2011-2012:

- 3 staff members was dismissed
- 1 staff members relocated outside of the greater Philadelphia area
- 1 staff members felt that Mastery was not the best fit for them
- 1 staff members left education and changed careers
- 1 staff member left due to family commitments

Student Enrollment

We have reviewed our admissions and enrollment procedures with attorneys familiar with Charter School Law to ensure our procedures comply with both the spirit and practice of the law.

Since we serve as a neighborhood school under the Renaissance agreement with the School District of Philadelphia all of our students must live within the neighborhood's catchment area at the time of enrollment, or they must be siblings with a current student. All students who fill out the application are accepted, provided they live within the catchment area and none are discriminated against for any reason. Students are only placed on the waiting list when we reach our cap for that grade level.

Kindergarten Age Policy: Students entering kindergarten must be at five years old on or before Sept 1.

Enrollment Procedures

Prospective students are asked to submit an application to the school along with academic, health, and demographic records. All students who complete the enrollment process are accepted if there are available seats in their grade.

Whenever more applications are received than seats are available in a grade, a waitlist is built based on the date the application is received, creating a first-come first-served system. Preference on the waitlist is given first to catchment students, then out-of-catchment siblings of current students.

Enrollment History

	K	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	TOTAL

TRENDS IN STUDENT TURNOVER & RETENTION

Our student retention for 2011-12 was 90.5%. 9.5% of students either withdrew during the year or decided not to reenroll.

2011-12 (518 students)

Student withdrawal during the year	38 (7.3%)
Students not re-enrolling for upcoming year	11 (2.1%)
TOTAL TRANSFER OUT RATE:	49 (9.5%)

Of the 38 students who withdrew during the year-

38 withdrew voluntarily and 0 were expelled.

The schools they transferred to (if known) include:

- KIPP Charter School in Philadelphia
- Hartranft
- M. Hall Stanton

The reasons for withdrawing from Mastery during the year include:

- 15 Students moved out of Philadelphia
- 6 Students moved without providing updated contact information
- 17 Students were either dissatisfied with behavior expectations or moved out of catchment and were dissatisfied with transportation options

The reasons for not re-enrolling at Mastery include:

- Being dissatisfied with behavior expectations
- Moving out of catchment and not being satisfied with transportation options
- Moving out of state with family
- Wanting to attend a school with a more robust extra-curricular program
- Choosing a cultural academic path (ie. Art, Music HS)

Exit interviews with students who withdrew during the year or who decided not to return to Mastery continue to indicate two primary issues.

1. Behavior Expectations. Some of these students chose to return to traditional District schools that do not have an achievement culture and lack high behavior expectations. These students and their parents indicated a lack of interest and desire to participate in the school's discipline process. Some parents said they did not want to be called into the school so frequently. Some students felt the mandatory after-school tutoring, detentions, suspensions, and other penalties were too stringent.

2 Moving out of the Area — Being a Renaissance School in Philadelphia, if our students move out of our catchment area, they may choose to remain at our school or they may choose to enroll at the school for their new neighborhood.

Student Enrollment - Attachment

- P.Admissions Procedure 2012

Transportation

In Philadelphia County, students in grades K-6 living 1.5 miles or more from the school building are entitled to free transportation services through the School District of Philadelphia. This transportation is either school bus service or a free transpass at the discretion of the District.

In Philadelphia County, students in grades 7 through 12 do not receive school bus transportation. All students living 1.5 miles or more from their middle/high school receive free student transpasses from the School District of Philadelphia. These passes are delivered on a monthly basis and handed out to students weekly.

Students who are homeless are eligible to receive transportation.

Food Service Program

Mastery Charter participates in the Free and Reduced Lunch Program through the School District of Philadelphia who fully services and staffs Mastery's food service program.

Student Conduct

A) EXPECTATIONS FOR STUDENT BEHAVIOR AND DISCIPLINE

Mastery places a very heavy emphasis on appropriate behavior in the classroom and hallways. Our school culture strategy relies on institutional systems that support students to take ownership for the school and responsibility for their classmates. Key elements include:

- Code Of Conduct and Whatever it Takes contract: Prior to enrolling at Mastery, each student agrees to abide by the code of conduct below:

CODE OF CONDUCT
I choose to be here.
I am here to learn and achieve.
I am responsible for my actions.
I come with a clear mind and healthy body.
I contribute to a safe, respectful, cooperative community.
This is my school... I make it shine.

- A school-wide Merit/Demerit system: This system supports appropriate student behavior. Students carry lanyards with cards where staff can record merits and demerits. When students receive six demerits in a marking period, they receive a detention. After three detentions, a parent-staff conference is held to identify the source of the student's problem. The merit system is used to acknowledge individual acts of character, growth and service. Accumulated merits are rewarded on PayDays, held every six weeks to reward students for positive behavior.
- School Culture Rituals and Programs
 - Community Meetings: A grade level community meeting (up to 100 students) is held weekly. At the community meeting, public recognition of student accomplishments is highlighted, community problems are addressed, and announcements are made.
 - Awards: Students who demonstrate elements of the Code of Conduct are recognized at Community Meetings. In the middle school, class cohorts receive a behavior rating from each teacher. At the end of the week the cohort with the highest rating receives recognition and privileges.
 - Uniform: All students must be in school uniform (blue/black slacks and gray Mastery shirt tucked in) at all times.
 - School-Wide Classroom Rules: All teachers post the same rules and are expected to enforce those rules consistently.
 - Restorative Practices: Restorative Practices are an approach to wrongdoing that emphasizes relationships and raises attention to the harm done to victims, offenders, and the overall community. Restorative Justice means that individuals who hurt the school community must make amends and give back to the community for their infraction.

- Progressive Discipline: Students who have repeated disciplinary problems are called in for a team meeting with the entire instructional team and the student's parents. If additional disciplinary problems occur, privileges are withheld. Continued discipline problems require a parent conference and may result in a student being assigned to work in an independent learning area or suspension from school.
- Deans of Students: Mastery schools have a Dean of Students for every 200-250 students. The Deans are responsible for school culture, serving as disciplinarians, student coach/guides, teacher supporters, community/parent liaisons, and services coordinators. The Deans work closely with teachers to identify struggling students, discipline problems, and general school culture issues.

B) CHAPTER 12 COMPLIANCE AND DUE PROCESS

Mastery Charter's discipline policies have been reviewed by a lawyer familiar with public school code to assure compliance with all aspects of Chapter 12. See attached Handbook for a full description of Mastery's expectations for student behavior and discipline, school rules, due process, and student rights and responsibilities.

The following due process is in place for expulsions or extended suspensions:

- An Expulsion Hearing must be held before a recommendation to expel is made. The student's parent or representative must be given 3 days written notice of the hearing.
- Expulsion decisions are made by the Board of Trustees upon recommendation by the CEO.
- Special Education students will not be expelled until their IEP Team has conducted a "Manifestation Determination Hearing" to determine whether or not their classification impacted their infraction.

C) NUMBER OF SUSPENSIONS AND EXPULSIONS

199 students were involved in 582 suspension incidents and 0 students were expelled.

Assurance for the Operation of Charter School Services and Programs

School Year: 2012

The Mastery CS-Clymer Elementary within Philadelphia IU 26 assures that the charter school will comply with the requirements of 22 Pa. Code Chapter 711 and with the policies and procedures of Pennsylvania Department of Education (PDE). PDE will specify, in writing, policies and procedures to be followed. Requests for any deviations from these regulations, policies, and procedures must be made in writing to PDE. The charter school assures:

1. There are a full range of services, programs and alternative placements available for placement and implementation of the special education programs in the charter school.
2. The charter school has adopted a "child find" system to locate, identify and evaluate children who are thought to be a child with a disability eligible for special education residing within the charter school's jurisdiction. "Child find" data is collected, maintained, and used in decision-making. Child find process and procedures are evaluated for effectiveness. The charter school implements mechanisms to disseminate child find information to the public, organizations, agencies, and individuals on at least an annual basis.
3. The charter school has adopted policies and procedures that assure that students with disabilities are included in general education programs and extracurricular and non-academic programs and activities to the maximum extent appropriate in accordance with an Individualized Education Program.
4. The charter school will comply with the PA Department of Education annual report requirements including special education information.
5. The charter school follows the state and federal guidelines for participation of students with disabilities in state and charter school-wide assessments including the determination of participation, the need for accommodations, and the methods of assessing students for whom regular assessment is not appropriate.
6. The charter school assures the Pennsylvania Department of Education that funds received through participation in the medical assistance reimbursement program, ACCESS, will be used to enhance or expand the current level of services and programs provided to students with disabilities in this local education agency.

This assurance must be signed by the Board President and the Chief Executive Officer for the charter school to operate services and programs.

Assurance for Compliance with the Public Official & Employee Ethics Act

The original Public Official and Employee Ethics Act (the "Ethics Act") was amended and reenacted in 1989 by Act 9 of 1989 and in 1998 by Act 93 of 1998. (See Act 9 of 1989, 65 P.S. §401, *et seq.* and Act 93 of 1998, Chapter 11, 65 Pa.c.s. §1101 *et seq.*) The Act provides that public office is a public trust and that any effort to realize personal financial gain through public office is a violation of that trust. The Act was passed to strengthen the faith and confidence of the people of the Commonwealth in their government. The Act established the State Ethics Commission to administer and enforce the provisions of the Act and to provide guidance regarding the standards established by the Act.

The Mastery CS-Clymer Elementary assures that it will comply with the requirements of the Public Official and Employee Ethics Act (the "Ethics Act") and with the policies, regulations and procedures of the Pennsylvania State Ethics Commission. Additional information about the "Ethics Act" is available on the Ethics Commission's website at: <http://www.ethics.state.pa.us/ethics/site/>

The assurance must be signed by the Chief Executive Officer and Board of Trustees President of the charter school.
