**Office of Criminal Justice System Improvements**

**A. Preface:**

The Pennsylvania Commission on Crime and Delinquency (PCCD) is now accepting applications for projects designed to educate the public about the dangers of substance abuse and/or reduce demand for these substances under two categories.

**Category Two** is designed to educate youth, caregivers of youth and employers about the dangers of substance abuse and increase the awareness of the benefits of a drug-free Pennsylvania through media-related efforts that may include public service announcements, public awareness campaigns and media literacy.

**Category Three** is intended to educate employers, unions and employees about the dangers of substance abuse in the workplace and provide comprehensive drug-free workplace programs and technical resources for businesses, including, but not limited to, training for working parents to keep their children drug-free.

**1. Project Dates:**

Contingent upon availability of funds, for applications approved at the March 12, 2014 Commission meeting will be 12-month projects that have a start date of April 1, 2014 and an end date of March 31, 2015.

**2. Funding Available:**

A total of \$1,960,000 in state SAEDRF funds is being announced to support this combined initiative. PCCD expects to fund multiple grants with budgets not to exceed \$490,000. Regionally targeted projects will be considered. SAEDRF-supported programs require no matching funds.

Award Letters will be mailed, as soon as possible, after the applications are approved and will also be available in Egrants.

PCCD is not liable for costs incurred prior to the official start date of the award.

**3. Program Goals:**

SAEDRF goals are:

Category Two is intended to educate youth, caregivers of youth and employers about the dangers of substance abuse and increase the awareness of the benefits of a drug-free Pennsylvania.

This category is designed to:

- educate youth, caregivers of youth, and employers about the dangers of substance abuse; and
- increase the awareness of the benefits of a drug-free Pennsylvania through media-related efforts that may include public service announcements, public awareness campaigns and media literacy. This can include education for

youth and caregivers about specific substance abuse problems, responses to these problems and service access.

There has been a demonstrated concern in the community that caregivers in the community are dangerously lacking in terms of education regarding responding to substance abuse problems and how to connect with treatment services; including that they lack the skills and experience to navigate the complex systems of access which differ depending on the caregivers resources. This lack of knowledge can lead to the lack of timely access to care for those in need, creating unnecessary risks.

Educational information and awareness supports are vital to assist parents in need to be able to navigate the process of accessing treatment efficiently, and prevent undue harm that may be caused by this lack of awareness. Preference will be given to an application which addresses this need. Examples may include development of a tipline, educational media materials etc.

A total of \$980,000 is available for projects under this category.

Category Three is intended to educate employers, unions and employees about the dangers of substance abuse in the workplace and provide comprehensive drug-free workplace programs.

This category is designed to:

- educate employers, unions, and employees about the dangers of substance abuse in the workplace; and
- provide comprehensive drug-free workplace programs and technical resources for businesses, including, but not limited to, training for working parents to keep their children drug-free.

A total of \$980,000 is available for projects under this category.

#### **4. Anticipated Impacts:**

To reduce substance abuse and increase awareness of the benefits of a drug-free Pennsylvania through media-related efforts. To educate employers, unions and employees about the dangers of substance abuse in the workplace and provide comprehensive drug-free workplace programs and technical resources for businesses, including, but not limited to, training for working parents to keep their children drug-free.

#### **5. Eligibility Requirements:**

##### **a. Applicants:**

Category Two and Category Three applicants must be statewide organizations (specified in its By-Laws) that meet the following requirements:

- possess five or more consecutive years of documented experience carrying out substance abuse education and demand reduction or substance abuse treatment programs (attach or provide link: webpage, Articles of Incorporation, etc.);

- maintain a drug-free workplace policy (attach or provide link); and
- have as its purpose the reduction of substance abuse (attach or provide link: a Mission Statement, By-Laws, Strategic Plan, etc.).

Applicants are only permitted to submit one application per each category.

**b. Program Activities:**

Categories Two and Three grant funds for substance abuse education and demand reduction programs are to be used for regional or statewide programs and may support project resources in the form of additional personnel and related operating expenses for the development and implementation of the project. These funds can be used to enhance and/or expand existing projects. This guideline is flexible enough to allow innovative concepts that can be applied to prevention, intervention, training, and education services. These projects may use agency personnel or outside providers to create programs using, but not limited to, the following: media; neighborhood outreach; classrooms; and workshops.

These funds may be used to establish interactive systems so that youth and their caregivers can access timely information on substance abuse problems, appropriate responses when problems are identified and system navigation assistance. Innovative projects that provide interactive real time information and assistance to youth and caregivers on services and access are encouraged.

Successful applicants must demonstrate a history of involvement with community-based collaborations of both public and private groups to enhance substance abuse education and demand reduction. Both process and outcome performance measures will be required for any funded project.

**c. Limitations:**

Prior to public release of any media associated with SAEDRF-supported programs, graphics, text, audio and visual materials designed for any public service announcements must be reviewed and approved by PCCD. SAEDRF-supported programs must give credit to PCCD as a funding source on any and all media (print, audio, video, DVD, CD, or any other existing or yet to be created technologies for the exhibition and distribution of information).

**d. Non-supplantation:**

In accordance with Pennsylvania Consolidated Statutes, monies disbursed from SAEDRF shall not supplant federal, state, or local funds that would have otherwise been made available for substance abuse prevention, education, support, treatment and outreach initiatives.

**6. Ineligible Program Activities:**

Funds may not be used for land acquisition. Funds may not be used for routine equipment purchases or personnel costs unless they are integral to the project.

## 7. Performance Measures:

Under this Funding Announcement, successful Applicants are **required** to submit Quarterly Progress Reports to PCCD via the Egrants system. Subgrant recipients under this Funding Announcement will be **required** to accept and report on performance measures selected by the staff of PCCD Office of Criminal Justice System Improvements that will fulfill state guidelines for the use of SAEDRF funds. Subgrant recipients may develop additional performance measures that are specifically related to the activities outlined in their Application and may track and report all measures on a quarterly basis through the PCCD Egrants system. Local internal monitoring of programs must be conducted using the performance measures listed below for the respective categories. Additional measures may be monitored. The evaluation component must be built into planning and implementation of the project. Three basic purposes are: (1) providing ongoing feedback regarding target populations; (2) examining process and implementation issues; and, (3) documenting critical questions about the impact and operation of the project over time.

The proposed project must be able to report out on the following performance measures:

Category Two: to educate youth, caregivers of youth and employers about the dangers of substance abuse and increase the awareness of the benefits of a drug-free Pennsylvania.

- ❑ An increase in public awareness as measured by a survey of a representative sample of the target area population.

Category Three: intended to educate employers, unions and employees about the dangers of substance abuse in the workplace and provide comprehensive drug-free workplace programs.

- ❑ Number of new workplaces adopting official drug-free policies.
- ❑ Number of programs that involve parental guidance/involvement.

## 8. Agency and User Registration:

Your agency must be registered in Egrants in order to apply for a grant through PCCD's Egrants system. If your agency has never submitted a Grant Application through PCCD's Egrants system, you will not be able to do so until your agency registration is complete. To register your agency in Egrants, complete the Egrants Agency Registration Request form, which can be found online within the PCCD Egrants Help Center under Egrants Quick Start Guides.

Once your agency is registered in Egrants, individuals that will enter information in Egrants, or be a contact for the proposed Application, must also register to use Egrants. When creating a new Grant Application, the Project Director, Financial Officer and Primary Contact identified on the Main Summary page **must be registered Egrants users. At least two of the three contacts must be different users, and while the Project Director or the Financial Officer can also be the Primary Contact, the Project Director cannot also be the Financial Officer nor can the Financial Officer also be the Project Director.** These users must also have security access to the specific Grant ID number in order to access it. If the individual's name does not appear in the dropdown list as a selection for the Project Director, Financial Officer or Primary Contact, then the individual is not a registered user with security access to the

project. The individual must register in Egrants to obtain a user ID and password and/or obtain appropriate security to the specific grant. Refer to the [PCCD Egrants On-line Registration Quick Start Guide](#), [PCCD Egrants Security Roles Quick Start Guide](#), and [PCCD Egrants User Registration Request Form](#) for help with registering and obtaining the required security.

An explanation of the duties of the Project Director, Financial Officer, and Primary Contact can be found in the [Egrants Help Center Glossary](#).

Additionally, please note: The Commonwealth will make payments to grant recipients through ACH. When your Application is submitted to PCCD, your agency must submit or must have already submitted its ACH information using the [Pennsylvania Electronic Payment Program \(PEPP\) Enrollment Form](#) to the Commonwealth's Payable Service Center, Vendor Data Management Unit at (717) 214-0140 (Fax) or by mail to the Office of Comptroller Operations, Bureau of Payable Services, Payable Service Center, Vendor Data Management Unit, 555 Walnut Street – 9<sup>th</sup> Floor, Harrisburg, PA 17101. The PEPP Enrollment Form/EFT Payment Enrollment Form may be found on PCCD's website under Grant Information>Applicants Manual, Forms and Other Helpful Information>Standard Forms.

#### **9. Keywords:**

You are required to select "Keywords" from the dropdown menu in Egrants. It is located on the Main Summary screen, when entering your Application.

Keywords: SAEDRF Category Two or SAEDRF Category Three.

#### **10. Compliance with State and Federal Information Technology Grant Conditions:**

PCCD is required to include mandated subgrant conditions for Information Technology (IT) Grants. These conditions are required in order to ensure that technology projects funded by PCCD are compatible with state and federal IT standards and requirements.

Technology purchases for this funding announcement are limited to desktop computers and laptops and does not require additional conditions.

#### **11. Competitive Bidding/Sole Source Procurement:**

All procurement transactions shall be conducted in a manner that provides maximum open and free competition. Competitive bidding procedures must be used if the projected costs for products or services (items of a similar nature) exceed \$10,000. Procurement standards for use by grant recipients are described in PCCD's [Applicant's Manual](#) on page 16.

Sole Source purchases or contracts are discouraged, but if such a request is made, the prospective applicant must identify the request as a Sole Source and provide a substantial justification for the Sole Source request along with their funding request. (See PCCD's [Applicant's Manual](#), page 18, for Sole Source Procurement Justification Approval Criteria.)

## **12. Technical Assistance (and/or questions) for Egrants:**

The Egrants Help Center contains a vast array of technical assistance materials. Within the Egrants Help Center, there are online tutorials, step-by-step guides called Quick Start Guides, Frequently Asked Question lists, and a glossary.

If you cannot find what you are looking for in the Egrants Help Center, please contact the PCCD Egrants Help Desk at (717) 787-5887 or toll-free at (800) 692-7292, option 9 and then option 6. Hours of operation for the Help Desk are 8:00 a.m. to 4:00 p.m. daily.

## **13. Reporting Requirements:**

Programmatic Reports are due quarterly and must be submitted through the Egrants system. Fiscal Reports are due quarterly for all projects and must be submitted through Egrants.

## **14. Fiscal Accountability:**

PCCD stresses the importance of being accountable for all grant funds. The following procedures have been or will be implemented across all of PCCD's funding streams to ensure fiscal accountability with PCCD's grant funds.

Financial Back-up: In reviewing grantee expenditure reports, it is important for PCCD to verify that expenditures are consistent with approved budget categories, are eligible for reimbursement and that grantees are maintaining supporting documentation. PCCD has implemented a process where grantees are notified that they are required to submit the financial back-up for some or all of the categories that are included in their Egrants cumulative fiscal report (fiscal report). Grantees may be required to provide this back-up periodically or for each of their fiscal reports. Again, PCCD will notify grantees when they are required to submit this type of financial back-up.

Fiscal Report Attachments: An Egrants enhancement has been completed that allows grantees to attach documents to their fiscal report. Preferably, all requested financial back-up will be attached to the fiscal report using this feature.

Subgrantee Payment: All subgrantees are required, at a minimum, to submit quarterly fiscal reports. PCCD will only make payments to reimburse actual expenditures reported on the fiscal reports. If an agency is experiencing cash flow problems, they may submit fiscal reports monthly and PCCD will reimburse reported expenditures.

Line Item Detail: PCCD is modifying the fiscal report to allow grantees to include line item expenditure detail, instead of the category detail that is currently in place. When this Egrants enhancement is completed, grantees will be required to populate the fiscal report consistent with the line items included in their approved budget.

On-site Monitoring: PCCD will be completing on-site fiscal monitoring of grants across the funding streams (state and federal).

Grantee Risk Classification: PCCD will utilize a risk classification system to structure the use of agency resources with those that may be most in need of additional assistance.

## **15. Time and Effort Reporting:**

Time and effort reports (timesheets) are required for all personnel funded with PCCD grant dollars regardless of the funding stream. Below are the minimum standards and recommended best practices for time and effort reporting. We realize that there are a number of different systems that can be used to satisfy these requirements and we encourage you to email PCCD's Grants Management with any questions you may have regarding time and effort reporting requirements.

Minimum standards for employees working on multiple activities or cost objectives:

- Must be an after-the-fact determination of the employee's actual effort. Using a budget estimate instead of reporting the actual time the employee spent working on the project does not qualify as support for charges to awards.
- Must account for total activity for which employees are compensated and which is required in fulfillment of their obligations to the organization. For example, if the employee spends 20% of their time on the PCCD grant project, 20% on a different grant project and 60% of their time on agency activities; time and effort for all three areas must be included on the report.
- Must be signed by the employee and a supervisor with first-hand knowledge of the activities performed by the employee. Signature on the timesheets is affirmation that the report is an accurate accounting of the actual time the employee spent on the project.
- Must be prepared at least monthly to correspond to one or more pay periods.
- Volunteer time and personnel costs being used as match must be accounted for in the same manner as personnel being charged to the grant.

Minimum standard for employees working solely on a single activity or cost objective:

- Must be an after-the-fact certification that the employee worked 100 percent of their time on the grant project.
- Must be prepared no less frequently than every six months.
- Must be signed by the employee and supervisory official having first-hand knowledge of the work performed.
- Applies to full-time and part-time employees.

Recommended Best Practices:

- Employees record time on a daily basis; and
- Project codes/names are provided to the employee in advance.

- \* The above standards are based on the Office of Management and Budget federal cost principles OMB circular A-87 (2 CFR 225) as it relates to Governmental Units and OMB Circular A-122 (2 CFR 230) as it relates to Nonprofit Organizations and the Office of Justice Programs Financial Guide.

The following sample forms are available on the [Applicant's Manual and Related Documents](#) page of our website.

- Example of a completed timesheet; and
- An Excel timesheet template that you may modify to suit your needs.

A sample time certification for employees working 100% of their time on a grant-funded project. (ARRA projects cannot use time certifications as their only documentation of time and effort.)

## **16. Payments for All Grants:**

Payments will not be released until all applicable special conditions on a subgrant award have been satisfied. All payments will be made on a reimbursement basis. The schedule and amount of payments will be determined based on information received on the required quarterly (or interim, if applicable) fiscal reports and the required periodic program reports. Your agency may submit interim fiscal reports on a monthly basis if necessary. Non-submission or late submission of the required reports will result in payment delays.

## **17. Competitive Application Procedures:**

The information requested within this announcement **must** be submitted in the sections of the Competitive Application specified below.
