- Additions, deletions, and total population are end of month counts reflected in the PBPP Monthly Program Report. These counts are from electronic field supervision records. Additions and deletions occur daily during a month.  
 - Total population cannot be computed by adding additions to and subtracting deletions from the previous month's population. Additions or deletions may not have been recorded as of the end of month data extraction.  
 - Additions are cases opened for supervision by PA agents. "Parole/Reparole" additions are state sentence cases. "County" additions are referrals from County Courts. "Other State" additions are cases from another state.  
 - Deletions are cases closed from field supervision. "TPVs" are technical parole violators; "CPVs" are convicted parole violators; "Successful Completions" have served their maximum sentence; "Other" deletions include inter-state transfers, federal detainees and deportations.
