

## PPI EDIT

Effective Tuesday March 30th, PACE will implement a PPI edit for cardholders enrolled in either MemberHealth Community CCRX or Ovations AARP Medicare Rx Saver plans. This only affects cardholders who have not received a prescription for a PPI in the last 90 days.

## Claims for:

**Aciphex®** 

**Kapidex®** 

**Nexium®** 

Prevacid® (lansoprazole)

Prilosec® (omeprazole)

Protonix ® (pantoprazole)

rejected by either partner plan will also be denied by PACE with the PACE Error 706 PP/ NCPDP 88 PP (DUR Plan Protocol Error.)

Providers should follow the primary plan's PPI protocol.

Questions may be directed to Provider Services at 1-800-835-4080.
