**October 2006  
Cyber Security Awareness Month**

**Cyber Security Toolkit**

**Instructions for Printing and Customized Branding**

The Toolkit is designed to promote the delivery of a consistent cyber security awareness message by reinforcing core themes in practical, informative, entertaining, and usable ways. These instructions are being provided to assist your state in any reproductions and/or customized branding you may wish to do. These instructions are provided as a general reference – for more detailed assistance on customization and reproduction, you may need to consult with your Graphics Department.

The vendors listed below reproduced the MS-ISAC Toolkit material. The vendor specifications and contact information are being provided to you as a reference only, should you chose to reproduce and/or customize the Toolkit materials and wish to use the vendor listed.

We invite you to take advantage of the toolkit materials. We encourage you to brand these materials by placing your state's name and logo on the materials and distributing them widely.
