

Appendix	Healthy People 2010 Interagency Matrix
H	

In the spring of 2005, a Pennsylvania Healthy People 2010 Matrix was drafted. The purpose of the matrix was to begin to show how diverse state agencies contribute to the achievement of Healthy People 2010 objectives or have the *potential* to contribute to achievement of the objectives. State agency representatives that are part of the SHIP Steering Committee were solicited to review and comment on the matrix. The matrix was then updated with the comments of responding agencies. Because of the large number of Commonwealth agencies and the variance in their programs, the matrix remains a “work in progress.” In its current version, the matrix can be a starting point for deeper discussion at both the community and state levels about the many groups that can have a meaningful role in achieving Healthy People 2010.

Healthy People 2010 Focus Area* (# of objectives)	Objectives w/PA Data tracked through the DOH HP 2010 Data Set	Original Data Sources	Aging	Agriculture	PCCD	DCED	DCNR	Corrections	Education	Environmental Protection	Health	Housing (PHFA)	Insurance	Labor & Industry	Liquor Control	PEMA	Public Welfare	Dept. of State	State Police	Transportation
1. Access to Quality Health Services (16)	3 total	PA DOH, BRFSS, EMSO PHC4
