CURRENT STANDARDS

(These technologies meet the requirements of the current architecture and are recommended for use.)

Technology	Platforms	Category	Technology Classification
Element K	All	e-Learning	Current

Element K offers various learning libraries which include self-paced courses, online technical references, KnowledgeShare message boards, courseware manuals, articles, Brainbench exams, and Knowledge Hub Learning Management System access.

Each agency is responsible for purchasing and administering its own licenses.

CONTAIN

(These technologies no longer meet the requirements of the current architecture and are not recommended for use. They will be phased out over time. No date has been set for their discontinuance.)

Technology	Platforms	Category	Technology Classification

RETIRE

(These technologies are being phased out. Plans should be developed for their replacement, especially if there is risk involved, such as lack of vendor support. A date for retirement has been set.)

Technology	Platforms	Category	Technology Classification
--	--	--	Retire by mm/dd/yy

EMERGING / RESEARCH

(Emerging technologies have the potential to become current standards.

At the present time, they should be used only in pilot or test environments where they can be evaluated. Use of these technologies is restricted to a limited production mode, and requires approval of a waiver request. Research technologies are less widely accepted and it is too early to determine if they will become a standard.)
