

## If you are **50 years and older...**

# the Shingles Vaccine

should be on your TO-DO list!

#### **FACTS**

- It is caused by the same virus that causes chickenpox. The virus stays in your body and can resurface any time as shingles – a painful, blistering rash. Even if you feel healthy, your risk for shingles increases as you get older.
- One out of three people will develop shingles. Risk factors include age (50+ years), weakened immune system (due to diseases, cancer treatments, medications), and history of chickenpox.
- The shingles vaccine (Zostavax®) can reduce the risk of developing shingles and its associated pain.

## WHEN

Friday, May 17, 2013 9 a.m. – 1 p.m.

## WHERE

Harrah's Casino & Racetrack Route 291 Chester, PA 19013
